MACKAY RETURNS TO START CONSTRUCTION OF NEW TELEGRAPH SYSTEM IN NEVADA

NEVADA WILL HAVE EPISCOPALIAN BISHOP OF HER OWN

IMPORTANT ACTION BY THE CONVOCATION

Three New Districts Are to Be Created Throughout the Western Territory

BOISE, May 3.——At today's session of the Episcopal Convocation of the seventh missionary department the proposed memorial to the general conference respecting redistricting was formulated.

It proposes to cut off Western Colorado from the Salt Lake district and make it a district by itself, and to take Nevada a district by itself. It is proposed further to take the Idaho panhandle off the Spokane district and attach it to the Idaho district.

Upon Easton will be given the panhandle instead of the western portion of Wyoming which he now covers. The plan involves the appointment of three more bishops.

It is pointed out in the memorial that the western states, covering two-fifth of the area of the country, have only twelve bishops.

JUMPS THE EX-JUDGE

BOISE, May 3.—Senator Borah, one of the leading counsel for the state in the approaching trial of William D. Haywood and others accused of the murder of ex-Governor Frank Steunenberg today issued a statement in reply to the interview given out at Washington yesterday by Judge James H. Beatty, who recently retired from the federal district bench in this state. He said: "Judge Beatty seems to have utterly forgotten the high position he holds. During the last campaign for the senatorship he used his position in a shameless and utterly dishonorable way for his political advantage. He did not hesitate to demand and receive favors from litigants who had important litigation in his court and so conducted himself as to compromise to a remarkable extent his dignity and honor."

INDIAN GOVERNOR DEAD

ARDMORE, I. T., May 3.—Peter Maytubby, for two terms governor of the Chickasaw tribe of Indians, is dead at his home in Caddo, aged sixty years.

FULLAM SHOWS TRUE SPIRIT AND THROWS CUT THROATS OF NICARAGUA INTO IRONS

Brave and Bold Naval Commander in Central American Waters Does Not Fear International Consequences but Arrests Assailants of American Even if Latter Is Negro

PUERTO CORTEZ, April 29 (via Mobile, Ala., May 3).—The chief of police and several policemen of this place are in irons aboard the American gunboat Paducah, charged with murderous assault and face a trial by court martial and possible hanging from the yard-arm of the Paducah. They were arrested on orders issued by Commander Fullam of the Marietta for attacking a Louisiana negro named General Davis here on April 27, and perhaps fatally injuring him. A number of Nicaraguan officers and men also were arrested in connection with the affair. These were delivered to the custody of General Estrada who was advised by Commander Fullam that he would be held for their safe keeping.

Davis, who is an inspector for the Thacker Brothers Steamship Line, was talking with some negro companions today when he was threatened with a machette by a drunken soldier. Davis wrested the weapon away from the man and went into a house nearby. Soon a squad of police and soldiers arrived and arrested him. While being dragged to the cuartel Davis was beaten into insensibility. Thinking Davis was dying they took him back to the place of his arrest and threw him down on the ground, refusing to allow his companions to remove him into the shade. Physicians arrived and found him perhaps fatally hurt.

Within ten minutes the blue jackets of the Marietta under Ensign Roorasach were on the spot.

Commander Fullam's orders were sharp and decisive:

"Arrest the chief of police," he said, "and the policemen engaged in the assault, put them in irons and send them aboard ship. Arrest the Nicaraguan officers and men engaged in the assault and hold them for orders."

It was thought possible that an attempt would be made to release the soldiers and police captured by the bluejackets and additional men were landed from the Paducah and the Marietta. The Paducah moved to a position fronting the Nicaraguan cuartels, while the Marietta covered the cuartels in the port.

Commander Fullam finding that the civil authorities were incapable of maintaining regulations or order, that the government of Tegucigalpi was a mere provisional agreement of certain leaders that so far gave no evidence of stability, decided to ignore the authorities here and recognize the only organized and disciplined force here under General Estrada, commanding the Nicaraguan forces who had in the meantime returned from an outing.

Notice has been served on the Honduran and Nicaraguan authorities that reparation would be demanded and punishment should be inflicted upon all of the perpetrators of the outrage.

Commander Fullam says if Davis dies the perpetrators will be tried for murder, presumably by court martial, and the guilty ones hanged at the yardarm in front of the port. The Paducah was ready to sail for Ceiba and Truxillo, but will remain here for the present.

Commander Fullam has placed Captain Winterhalter in command of the land forces and he is conducting a vigorous investigation of all the details of the Davis affair.

FORTY BORNE TO DEATH UNDER MASONRY WALLS

THE GREAT DAM AT CHUVISCAR GIVES WAY

Fearful Accident Yesterday Near Chihuahua Mexico, in Which Structure Crumbles

CHIHAUHUA, Mex., May 3.—One of the great walls of the Chuviscar dam suddengly gave way yesterday, engulfing nearly forty men under the enormous weight of the masonry and water.

Between fifteen and twenty of the workmen are dead and thirteen injured and several others are unaccounted for. Some of the injured will die. The disaster is the last of a large number which have recently claimed nearly two hundred victims in this state.

The authorities are making a thorough investigation and will severely punish those upon whom they place the blame.

MONROE SALISBURY DIED YESTERDAY IN NEW YORK CITY

NEW YORK, May 3—Monroe Salisbury, the well known horse breeder of San Francisco, died here last night. He came here several weeks ago for treatment for cancer but the doctors were unable to save his life. A daughter, Mrs. T. N. Boardman, started for San Francisco today with the body.

Mr. Salisbury was very prominent a few years ago on the grand circuit. He developed many trotters and was known as the "King Maker" of the trotting turf. He was at one time quite wealtay.

Mrs. Salisbury, his wife, who died several years ago, was a prominent society woman of San Francisco. A son, Sidney Salisbury, committed suicide a few weeks ago in a fit of despondency.

RIOTS IN INDIA.

ALAHABAD, British India, May 3.—Serious anti-European riots have occurred at Rawalpindi, Punjab. A Hindu mob burned two bungalows, pillaged the mission church, looted the postoffice, burned a garage and all the motor cars in it, destroyed the plant of a power house and smashed the windows of the residences of many Europeans. Armed police eventually obtained the upperhand and dispersed the rioters. The town is now patrolled by a squadron of the Tenth Hussars.

PORTSMOUTH, England, May 3.—The colonial premiers were all brought here today as guests of the admiralty to get a glimpse of the empire's navy. Twelve battleships, including the Dreadnaught, a score of cruisers and thirty-seven torpedo boa destroyers were reviewed by the statesmen.

GOLDFIELD MAN'S GENEROSITY IS TO ADVERTISE NEVADA

WILLIAM J. BREWER OFFERS STATE $30,000

Will Run a Special Car East to Boost for the Battleborn Sagebrush Land

William J. Brewer, an Indiana man who has made a fortune in Goldfield, will pay the $30,000 expenses of a special train that will be sent from this state to New York, advertising the resources of Nevada. The four Pullman cars will carry boosters—Senators Newlands and Nixon, the congressmen, the governor and state officials, the chairman of the publicity commission, newspaper editors and press agents, besides an invited crowd of representative citizens.

Brewer announced the proposed excursion to Chairman Davis of the Nevada Publicity Commission. The entire trip will be under the direction of the commission of which Davis is the head. Banners telling the purpose of the trip will be hung to the sides of the train. A collection of ore exhibits will be stored in the cars.

C. O. Wittemore, chief counsel for the Salt Lake road, will furnish another Pullman car, to be attached to the train at Salt Lake. The train will leave Nevada during September.

THREE MILLIONS WILL BE SPENT AT ONCE TO BUILD THE PACIFIC POSTAL LINE

In Exclusive Interview With Journal Representative President of Commercial Cable Company Tells of Plans to String Wires Across Nevada and Give Cities Better Service

Clarence H. Mackay, president of the Postal Telegraph Company, returned to Reno yesterday morning, after touring the state for the purpose of ascertaining the advisability of building a system of wires through Nevada; and in an exclusive interview with a Journal reporter, he said that the construction will begin as soon as he returns east.

Mackay came here from San Francisco, having visited since his departure last Sunday Tonopah, Goldfield, Rhyolite, Las Vegas and other mining camps. Personal inspection, he says, has satisfied him that the Nevada field for the Postal is one of the best remaining undeveloped.

"The Postal Telegraph Company will spend $3,000,000," said President Mackay, "in building a line from Sacramento to Reno, looping to Carson City, Virginia City, Tonopah, Goldfield, Rhyolite and Los Vegas, meeting there an extension from Los Angeles. From Salt Lake another string of wires will be constructed, although the route has not yet been chosen from the surveys made by the engineers."

"Operations will begin at once on my return to New York. I will leave here tonight on the Overland limited, stopping at Salt Lake and Denver. From the latter city our party will continue to the eastern metropolis. Arrangements will be made in New York for the establishment of an office in Reno, where the work will be directed from. Details of the remaining plans will have to be left to conjecture, as my trip through Nevada has left many problems unsolved."

Arriving in Reno at ten o'clock yesterday, Mackay and party were driven in the bus to the Riverside hotel. After lunch, an automobile was used to convey the visitors to the University of Nevada. Dr. Stubbs, president of the college, met Mackay and associates on the campus, and together they inspected the mining building that is the gift of the telegraph company's president.

Mackay was chagrined by the delay in the construction of the structure that is being erected with his money. He was told fully of the labor troubles here that make rapid work impossible.

Father Tubman joined the Mackay party after dinner at the Riverside, and there the two discussed the Catholic cathedral that is being built here. The party went to the depot shortly before midnight, and left on the Overland limited.

During his visit at the university, Mackay called on Miss Wier, the secretary of the Nevada Historical Society, and assured her that he will do everything to aid the organization in its work. Mackay gave $500 to the historical society recently, an account of which appeared at the time in the Journal.

RUMORED TROUBLE TAKES OFFICERS HOME QUICK

Fort Reno, Prolific of Scandal, Now Said to Have Something Like Mutiny Against Subalterns

SAN ANTONIO, May 3.—Major C. W. Penrose, Captain L. P. Lyon, Second Lieutenants D. D. Day, H. S. Geyer and George C. Larson, who have been here in connection with the Macklin court martial, left hurriedly for Fort Reno tonight in consequence of a rumored friction between two lieutenants and a battalion of infantry stationed there. The only explanation given was that Colonel Hoyt, twenty-fifth infantry, now commanding the department of Texas, was very anxious for them to return to Fort Reno at once. The officers are reticent.

SNOW IN CHICAGO.

CHICAGO, May 3.—All records for snow falls in Chicago during the month of May were broken today and only once since 1875 has the temperature fallen so low. Early in the afternoon snow began falling and by night nine-tenths of an inch had fallen. During the evening the temperature dropped to thirty-four, the lowest for thirty-one years for May with one exception.

SANTA FE TRAIN WRECK

TRINIDAD, Colo., May 3.—The Santa Fe overland limited train No. 8, eastbound, on the Atchison, Topeka and Santa Fe railroad, was derailed by a broken rail here at ten o'clock today. The locomotive, four baggage cars and two day coaches turned over but the Pullman and tourist cars remained upright. The engineer was injured, but no passengers were hurt.

UNITED RAILWAY HEADS ARE TO BE INDICTED

San Francisco's District Attorney Makes a Strong Intimation as to Their Coming Arrest, Charged with Bribery

SAN FRANCISCO, May 3.—District Attorney Langdon this afternoon, when the grand jury had adjourned, allowed the reporters to understand indirectly that President Patrick Calhoun and General Manager Thornwell Mullaley of the United Railways would be indicted. They appeared in answer to the jury's subpoena, but, on refusing to answer questions, they were not urged to reply. On the confession of fourteen supervisors, it is charged that the two railway officials expended for their roads the sum of $750,000 in bribery to procure additional franchises and privileges.

It is declared by the district attorney that each supervisor to the number of fifteen received $1,000 apiece, Supervisor Wilson got $10,000, Gallagher $15,000 and Ruef and Schmitz were paid $565,000. The bonds given as part of this sum amounted, so the district attorney says, to $565,000, and Ruef and Schmitz are asserted to have turned their securities into cash through the firm of Charles Sutro & Co.

Charles Sutro, the broker, was one of the witnesses before the grand jury today.

President Calhoun tonight issued a public statement in which he categorically denied every charge of bribery and says that no one connected with the United Railroads ever authorized any bribery or knew of such a thing.

THE QUEEN OF SPAIN

MADRID, May 3.—Following a long drive in the park this morning Queen Victoria visited and inspected the residence recently acquired for her occupation after the birth of the expected heir.

DENVER FACES A STRIKE.

DENVER, May 3.—The building trades council took action at a secret meeting tonight, which, unless the strike of the mill men and woodworkers is settled, it is predicted, will result in a general strike of the building trades in this city. The council decided to suport the mill men and woodworkers.

LAND SWINDLERS PUNISHED.

PORTLAND, May 3.—Former State Senator Franklin P. Mays and W. N. Jones were today sentenced by Federal Judge W. H. Hunt in connection with land fraud cases of Eastern Oregon.

Mays' punishment is a $10,000 fine and four months in the Multnomah county jail and that of Jones is $2,000 and eight months in the county jail.

ELOPER'S LETTER SUPPRESSED.

NEW YORK, May 3.—Bishop Burgess, when asked today if he would give out the letter he received from Cooke asking that he be deposed from the ministry, said that owing to the fact that the names of several other persons were mentioned in the letter, he did not feel at liberty to do so. "I do not think it would be justice to involve them in the scandal."

Smart Spring Suits and Furnishings for Men at Prices That Are Always the Lowest

IT'S REALLY AN EASY MATTER TO BE WELL DRESSED AT A SMALL EXPENDITURE IF YOU MAKE YOUR SELECTION AT THIS "BEST MEN'S SHOP," EVERY REQUISITE OF THE CRITICAL DRESSER FINDS ITS BEST EXPRESSION HERE.

$10.95 For a Neat Serviceable Business Suit that will Wear Well and be Satisfactory in Every Respect

It may seem improbable to you that any store can offer a good, dependable suit of clothes at so low a price as $10.95, these days, when market prices on everything are so high. But don't judge these suits by the price—it is very misleading. Judge rather, rather, by the $15, the $17.50 and even the $18 suits offered elsewhere, and even then you won't quite realize their splendid merits.

They are absolutely all wool—every thread of themand were made by the best and most renowned clothes-makers in the land—Hackett, Carhart, Co., of New York. They come in both single and double breasted models in the fashionable grays of striped, checked and plaid design. We guarantee them to hold their shape, wear well and give splendid satisfaction in every way. Every salaried man in town should have one for an every-day business suit.

They're the most remarkable clothing values ever offered in this city. Our special price $10.95

NEW SPRING SHIRTS

We have secured our spring shipment of Monarch and Cluett Shirts and they are already selling fast. The patterns are about as "nifty" as any we have ever seen. They include neat designs in stripes, plaids and checks. Plain or pleated bosoms ..... $1.25 to $2.00

REVERSIBLE SILK FOUR-IN-HAND TIES

Never such neckwear at the price. They have an undeniable 75c look. In fact they are made in the reversible style from the finest silks in the swellest designs and richest colorings.

Men's Fine, High-grade Summer Underwear, Shirts, Half Hose, Neckwear, and Whate'er Good Dressers May Require

VERY FINE IMPORTED SILK LISLE UNDERWEAR for hot weather wear. Shirts made coat style with button front and half length sleeves. Drawers knee length. Price $1.25

VENTILATED AMERICAN SILK in a delicate shade of pink in handsome lace striped patterns. Price ..... $2.00 per garment

MEN'S NATURAL GAUZE WOOL UNDERWEAR, Cool, comfortable underwear for the man who wears wool the year around. Price..$1.50 a garment

MEN'S NATURAL HONEYCOMB MESH UNDERWEAR, sanitary, cool and comfortable. Price ..... 50c a garment

FINE HIGH GRADE MERCERIZED LISLE UNDERWEAR, pure white, blue or a delicate shade of pink. Has the appearance of silk and feels like it. Plain ribbed at $1.25

IMPORTED FRENCH LISLE UNDERWEAR, the most elegant and luxurious that money can buy. Per garment $6.00

NIGHT ROBES AND PAJAMAS—A swell new lot just in. They are made from fine soft long cloth, French chambrays, dimities and pongee silk in plain white and fancy colors, fancily trimmed. The most fastidious men cannot but be suited

50c SOCKS AT 25c—Another big new lot of those fine cotton and silk lisle half hose for men in plain black and tan and fancy patterns. You'll find many a 50c value amongst them. Special 25c

Fine Spring Footwear for Men

The new styles in Men's Shoes and Oxfords for Spring are all that could be desired by careful dressers. All the newest lasts—tan or black ..... $3.50 to $5.00

Gray, Reid Wright Co.

Stylish Spring Hats for Men, $3.50

You will be surprised at the quality and style in these Hats. Were it not for the trade-mark you could scarcely tell them from the $5.00 makes.

BOSS COX TALKS ON THE OHIO POLITICAL ROW

HE SAYS DIVORCE THE CITY AND NATION'S FIGHTS.

Cincinnati More Important in His Eyes Than Either the State or Federal Election—Practical Politics by a Noted Practical Politician

CINCINNATI May 3—National and municipal politics must not conflict, according to the advice given today by George B Cox, whose retirement as Hamilton county leader was announced more than a year ago after several years of successful leadership He said today

"In the coming municipal election the Taft-Foraker fight must have no part If it does it might mean the defeat of the Republican party Separate the two issues settle the one before taking up the other

"Never before in the history of this city has Ohio had two presidential candidates and this situation calls for the splitting of issues We have a mayor to elect My idea is that we ought to get this off our hands before taking up the national proposition Suppose, just for the sake of argument we unite the municipal and national issues Supose the Hamilton county organization indorses Taft The probability is that the Foraker bunch would bolt and the municipal election might be lost for the sake of something that can be done as well by a different method

"The only way to carry out both successfully is to get the city election of four hands Then we can take up the other

As a statement credited to him while in the east that the Republican organization in Hamilton county was against Taft he said

"I cannot pretend to say whether Foraker or Taft will get the support of the organization '

STRUCK BY A TRAIN

Patrick O'Connell was struck by a Southern Pacific train Thursday night while walking from Sparks to Reno and his leg fractured O Connell was hurled from the rails to the ditch beside the track The injuries were treated at the Southern Pacific depot and the victim of the accident was then removed to the county hospital O'Connell was working at Palisade He is fifty years of age

THE LABOR SITUATION.

The labor situation remains unchanged and the present outlook is not very favorable for an early settlement of the controversy between the building contractors and the men who are out. The latter assert that they will not go back under the old wage schedule even if they have to leave town in order to secure work The bosses for their part declare that the men have until Monday to return to work and upon their failure to show up then they will find other men to take their places

The Woman's Guild of the Episcopal church will give a pastry sale when refreshments will also be served at the Parish House on Saturday afternoon, May 4th at two o'clock t2

ELKO'S BRIGHT GIRLS DEFEAT THE RENO HIGH

Clever Basketball Game at the University Gymnasium Last Night Which Proved Too Much for Home Team

Elko high school basketball players defeated the Reno aggregation last night by a score of 16 to 14 The game was played in the University of Nevada gymnasium, and a crowd of 300 attended

The local players did not have a chance from the start Notwithstanding brilliant work and heady management the Reno Highs seemed to fall down at critical times

The score at the end of the first half was 7 to 9 in favor of the visitors Scores on penalties were infrequent the fouls being few The contest was fast and snappy

Carson Pays Dear for Uncovered Ditch

Mrs Teresa Barnes who sued Carlutes son City for $5 000 damages for injuries incurred by falling into an unprotected ditch was awarded the full amount by a jury yesterday The case was heard before Judge Orr of Reno The jury deliberated but a few minutes

Mrs Barnes was returning home from an entertainment here several months ago when she fell into the ditch She sustained injuries that she claims will render her an invalid for life

Carson River Claims Another Victim

Joseph Quilici an Italian farmer was drowned yesterday near Dayton while attempting to ford the Carson river John Pagnelli was swept down the stream with the flood but he escaped death by catching hold of the wagon

Quilici's body was not recovered

The men were driving across the Carson river at Dayton where the bridge was being replaced When in the middle of the stream the raging current caught the horses, and lifting them off their feet, carried all into a deep hole

He Is Judge O'Brien of Tonopah Now

CARSON CITY May 3—Governor Sparks today appointed J P O'Brien judge of the fifth district vice Peter Breen resigned Judge Breen was reappointed to the bench in the third district These changes were made under the new law creating six judicial districts in Nevada

Judge O'Brien practised law in California for twenty years and is an authority on the mining statutes, both state and federal He resided at Sonora Tuolumne county for some years, where he was chairman of the Democratic county central committee He is a native of California, is a graduate of Hastings Law College, University of California and is forty-two years old

Telephones All Are Silent at the Bay

SAN FRANCISCO May 3—The city is tonight practically without service as the result of a strike declared by the telephone girls of the Pacific States Telephone & Telegraph Company which went into effect at seven o'clock this morning At that hour between 575 and 600 girls left their switchboards to enforce a recognition of their newly organized Telephone Operators Union and a demand for increased wages

For the first time since the system was installed here the ever handy telephone was not available for conversation and the commercial life of the city was seriously embarrassed in the transaction of business

The company impressed its clerks stenographers and other employes as operators and with a number of hello girls who had remained loyal maintained a very badly crippled service during the day An effort was made to keep the principal main emergency and long distance lines open and even City Manager W J Phillips took a turn at the switchboard

Tonight however the service of the city was almost entirely suspended A number of student operators and the girls who remained loyal to the company refused to work during the night Notwithstanding the statement of President Scott that thirty per cent of the girls remained loyal to the company only twenty operators are said to be at the switchboard of the Franklin street exchange, the only exchange open tonight

There are rumors that the company will bring several hundred girls from Los Angeles Portland and other cities but these cannot be verified and are discredited by the operators union The girls supported by the labor council express themselves as confident of winning

NEW CITY HALL WAS ACCEPTED LAST NIGHT

Council Takes Action After Receiving Official Recommendation of Architect Curtis and Allow Demands, Some of Which, However, Were Cut Down

The new city hall was formally accepted last night by the city council at an adjourned meeting held in the office of the city engineer The following claims in connection therewith were allowed M J Curtis for services as architect $500 Gray & Bickel for wiring $222 91 Self & Sellman for concrete steps $32 and the same firm in final payment $10 636 40 It will be noted that the bills for wiring and for the steps were considerably cut as predicted that they would be

The acceptance of the building was unanimously agreed upon after the reading of a communication from Architect Curtis whose letter follows

To the Mayor and City Council—Gentlemen I beg leave to report to your honorable body the exact condition of the new city hall

Your contractors Messrs Self & Sellman have nearly completed the same though there are some things yet to be done, the touching up of various places, which is more difficult to enumerate than to submit to personal examination of the premises

The contractors, in the main, have done a very good and thorough piece of work which does them great credit The tower is not completed, there should be four large frames placed in this tower as per detail to place the clock in and as the work of placing these frames and clocks is not included in these specifications our contractors Self & Sellman, cannot be expected to do this work without an agreed separate price as per the original contract

The building may be accepted this day by your honorable body, subject to the completion of a few small items to be agreed upon with the contractors after a personal inspection of the building by your honorable body Respectfully

M J CURTIS Architect

Sprinkling the Streets to Begin Again Next Monday

The power of the press was emphatically emphasized last night at the meeting of the city council The people of Reno have been long-suffering and very patient in a good many things but this forebearance has of late been breaking its bounds because of the neglect of the council to provide for street sprinkling The wind has been very active lately and the dust has been swirling in the air in a blinding all-pervading form which has been not only extremely disagreeable but to no small extent ruinous to clothes and merchandise

It was left to the Journal to point out this condition to the solons in the council

Last night Mayor Wilson suggested that something be done about the dust without delay There was some discussion as to where the water supply was to be gotten Councilman Newmarket thought that the fire hydrants might be used This was opposed by Councilman Quinn who hardly thought that the fire department would stand for it

Mayor Wilson agreed that the use of the fire hydrants would not be advisable as it might wear out the plugs and ends get them in readiness for use in case of fire

Newmarket was for just as urgent action as the mayor Said he "I thinks we had better do something right away since the Journal has taken the matter up Let's order the carts out for Monday, and let the new council take care of the water supply"

The grimace on the face of R H Kinney the old hold-over member of the council was worth studying at this moment It was finally decided to authorize the street committee to get the two sprinklers started out early Monday morning

Street Signs

The matter of street signs came up before the city council last night when Mr James of James & Shaver offered some suggestions relative to some changes in the original specifications prepared by the council The suggestions were favorably received and will be embodied in the bid by this firm As soon as this is done the work of manufacturing the posts and signs and the placing of them will be commenced

The Dumping Grounds.

This forenoon the city council will enjoy a free ride in the patrol wagon to the city dumping grounds Some means will be devised for the disposal of garbage that won't inflict a nuisance upon thos living close to the plot at present used

SAD DEATH OF THE YOUNG AND LOVED DAUGHTER OF MRS. M'KISSICK

After an illness of six weeks Miss Myrtle Marie McKissick daughter of Mrs H B McKissick died yesterday morning at three o'clock Typhoid fever was the cause of the illness The funeral will be held Sunday afternoon at one o'clock The services will be held in the Episcopal church

Miss McKissick was a favorite with her companions She was a brilliant student of the Reno schools until sickness prevented attendance

DON'T DIE AT 45

Cure the Indigestion Which is So Liable to Lead to Apoplexy.

Rush of business eating too fast and too much excesses of any kind soon result in indigestion Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment become brittle and finally yield to the fierce blood pressure One is then said to have a shock to be paralyzed or to die from apoplexy

People suffering with headache giddiness palpitation sleepiness bad taste in the mouth drowsiness coated tongue distress after eating specks before the eyes and any other of the many distressing results of weakened stomach should profit by the discovery of Mi-o-na stomach tablets

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble cancer excepted, and give immediate relief in indigestion is the guarantee that the Cann Drug Company give with every 50-cent box of Mi-o-na to refund the money unless Mi-o-na cures A guarantee like this must inspire confidence in Mi-o-na The Cann Drug Company take the whole risk and the remedy will not cost you a penny unless it cures

AGITATORS NOT WELCOME GUESTS AGAIN AT GOLDFIELD

Arrivals here from Goldfield say it is unfortunate for the labor situation that the agitators arrested recently for complicity in the murder of John Silva should be taken back to the camp for trial The business men believe that when some of the men are released from jail they will make it a point to resume the agitation and that little can be accomplished until the leaders are deported

Vincent St John Donnelly and the others were taken to Hawthorne when arrested the first time but with the removal of the courthouse they have been taken back

MYSTIC SHRINERS FURNISH MUSIC TO NEVADA ON THEIR WAY

TONOPAH NOBLES FOOT THE BILL FOR MELODY.

Special Train Stops at Towns and Noted Band Plays Popular Airs That Please the People—Whom the Party Consists Of.

Residents of Carlin Elko and Winnemucca were entertained yesterday by the Boston & Montana band, accompanying Algeria Temple, Mystic Shriners of Butte on their special train through the state The band was taken with the party, all its expenses being paid by two wealthy mining men of Tonopah, who are members of the Butte temple Including the wives and lady friends of the Shriners there were 103 members of the order on the train

Trainmaster W J Stinson of Sparks met the special train at Carlin, relieving E L Luty who brought the party out from Ogden People of the railroad division town turned out in crowds to hear the band play and greet the visitors on the train A baggage car of refreshments was attached to the passenger coaches, and all who went to the train were invited to help themselves

J B Gallagher, a former resident of Elko who is now manager of the Amalgamated Copper Company's property at Butte conducted the ceremonies when the band was called out at Elko Again at Winnemucca a stop was made and 700 people witnessed the celebration of the Shriners' visit to Nevada

Trainmaster Stinson went with the special until Hazen was reached, where he turned the party over to the Nevada & California Everyone on the cars was pleased with the reception given them and said a railroad never extended them more courteous treatment The train will be sent through Goldfield and over the Bullfrog road to the Salt Lake route with Los Angeles as the destination

The train was composed of two baggage cars a diner and four sleepers The band was composed of thirty-six pieces The following Shriners from Butte were on the train Master H B Hoyt, H Hanson, L Henderson H Mentzel James Wentz A F Hovey M Bassetto, Burt Fisher L B Legette B E Calkins J M McQueeney, H M Parchen, M. Gillis T H Casey T A John, C E Beebe C T Henderson, W G Jackson G D Moore J P Chestnut, J R R Inhatt J B Gallagher George W Mikel C J Carter, C A Rose, J B Bordeux M J Remfils M Deckstrom, J D Mendenhall C G Ault H S Clark H C Smith, F R Fisher and H O Wilson

DARBY DESERTED BY HIS WIFE, SO SUES FOR DIVORCE

Arthur K Darby, has tired of the cares of matrimony especially as he alleges in a complaint filed with the county clerk yesterday when a wife does not accompany the other obligations of the bond

The couple were married in Columbus Ohio in 1890 and under the allegations contained in the complaint, the wife Hattie M Darby, has absented herself from her liege lord without cause or provocation, based upon justice, for a long time past, and has steadfastly refused to return, or to make up and the plaintiff therefore asks the district court to sever the bonds which have failed to bind

CLEAN-UP DAY WAS A STARTER ANYHOW

Reno Has a Neater Look This Morning as Result of Work Superintended Yesterday by the Ladies of the Twentieth Century Club

Yesterday the ladies of Reno, especially the ladies of the Century Club covered themselves with dust and glory They did other things, they covered other people with dust, and a certain amount of the reflected glory and they cleaned the city in a way it has never before been cleaned

It is very true that the cleaning did not extend to as complet and acute a stage as had been planned, but, nevertheless, the fact remains that they did their best and that means a great deal when it is remembered that the ladies were members of the eCntury Club, and that they undertook to clean the city of all the rubbish the allotted teams could haul away to the dumps The only reason there is any dirt of any sort left in Reno is owing to the fact that more teams could not be procured to remove it

The ladies were not so well seconded in their efforts as they should have been, but they feel that they have made a beginning, and that the result has shown what could be done by a little energetic work, and that next year this will be remembered and more will be accomplished.

Last year the work was planned but owing to the confusion into which all plans were thrown by the San Francisco disaster, no work was attempted when the day came, so that this is really the first year that the matter of cleaning the city has really been attempted

A few places of business actually made noticeable attempts to second the club in its efforts by cleaning up their own premises, and the most noticeable of these is the big window of Hibbard & Turner on Commercial Row, which shines in all the luster of a thorough washing, in the course of which the man behind the chamois did not spare the elbow-grease

NEXT WINTER MAY FIND COAL AS SCARCE AS LAST

"Order your coal now for next winter," is the tip that is being passed around by the railroad officials arriving here W L Wileing of Salt Lake stated yesterday that the shortage of cars and motive power that hampered traffic at needed times will be worse even during the coming cold season He said that coal should be purchased now, and then, when the shortage is on the cheerless homes will be made bright

Traffic conditions are improving now said Wileing, but it is a safe prediction to say that when the famine comes next winter relief will be more difficult to procure"

DEFINITE LOCATION AS TO JUST WHERE THEY WERE "AT"

W L Wileing, traveling freight agent for the Northwestern railroad, was riding on the Denver & Rio Grande a few days ago On the train was the usual inquisitive old maid The dining car was packed, and none of the employes had time just then to answer questions.

But suddenly seeing a sagebrush-covered mountain looming off to the right, with a level expanse of desert intervening, the lady passenger stopped a busy waiter and asked "What mountain is that, where are we now, waiter?"

The negro straightened under his tray with a mock attitude of courtesy, and replied, 'Just around here just around here'

Girls Wanted

A Warning to Reno

THE VERDICT of a Carson City jury in favor of Mrs. Barnes yesterday for heavy damages against the city, owing to injuries received through the municipal neglect to cover a ditch, should give cold chills to a city not a thousand miles from Reno.

Has anything been done that you have noticed towards covering Bloody Ditch over? Has there been placed any guard against falling into the ditch on Second, beyond Ralston, on a dark night? In short, are the ditches of Reno in such a condition that it might not cost another Mrs. Barnes a broken arm or internal injuries and the city some $5000 damages.

We have a new city hall. It is well. Now let us have decent streets and covered ditches. When will the municipal government learn that Reno is no longer a village and that cowpaths, however picturesque they may be, are not fit for city streets?

More Favor for Wood

FRIENDSHIP for General Leonard Wood, M. D., goes to great lengths when President Roosevelt gives the doctor the most coveted command in the army, that of Governor's Island. Such an outrageous piece of favoritism ought to receive the denunciation of the entire public.

To turn over the department of the Atlantic to Wood, a man without military training and who never has displayed any fitness for command, is to invite the severe criticism of those foreign censors to whose words Roosevelt appears to be so sensitive. Imagine a great army of any other nation, the principal post in which is held by a doctor of medicine.

Whatever a Harvard degree may mean to Roosevelt, the American people will never think Harvard's M. D. '84, or the LL. D. '99, backed by an LL. D. of Williams '02 and an LL. D. of Pennsylvania '07, is the equivalent of the years of military education that a division commander ought to possess. Sheepskins do not make up for the campaigns that Wood has missed, and they never can.

But Roosevelt sticks to his medical friend and probably will continue to do so, though every promotion given to the physician is a slap in the face of the entire military establishment.

The Punjaub Riot

THE RIOT in the Punjaub referred to in a dispatch in another column today goes to confirm the views expressed in the Journal last week as to the serious character of the threatened uprising in India against foreign domination.

In itself, the affair is a trifle—a few hurt and many hustled around. But the facts make it appear that this disturbance was simply a symptom of the general unrest. Then, too, the pork stories are being whispered, just as they were before the Mutiny.

The story is told that last February an English officer shot a Moslem soldier for refusing to carry the carcass of a hog. Those who do not understand the abhorrence of Mohammed's disciples for anything like hogflesh are likely to attach too little importance to such a piece of gossip. But among the untutored natives of India anything of that kind is ardently seized upon and the rumor is spread in all directions. The trouble is that the natives believe anything ill of the English, in which they are to a certain extent warranted by the cold-blooded way in which the average Briton overrides Indian prejudices.

Now here is the coincidence: Just before the terrible events of over half a century ago, a story was circulated in all India that the cartridge, which the soldiers then had to bite, to enable it to enter the gunft had been covered with hog-fat instead of with vegetable wax, and every Moslem soldier would have to commit a deadly sin against his faith every time he was ordered to load his musket. Of course it was untrue. So was the tale at Lahore in February of the officer shooting the soldier for refusing to carry a hog. But truth or falsity cuts no figure in the eyes of the agitator or his ready listener.

The Indian insurrectionist proceeds on the principle laid down by Aristotle—prefer an impossibility that seems probable to a possibility that seems improbable.

The English newspapers attach much importance to their correspondents' statements that the "vast mass of the Mohammedans are not in sympathy with the anti-foreign movement," to quote the London Telegraph. But they are building on sand. The "vast mass of the Mohammedans" form an unknown quantity to self-satisfied Britons. The only glance that the European ever gets of the real Moslem is through a veil of blood.

The Cuban Affair

WHILE Governor Magoon was telling the president that the attack by the Santiago police upon the American seamen was not an indication of public feeling against Americans, the Santiago newspapers of all political parties, were unanimous in denouncing the forces of the "intervening government," as they call the United States.

Probably the sailors are high-handed—a trifle arrogant, without doubt, as they usually are in the countries where the Spanish have left their language. The American sailor hates a Spaniard and all who speak in Spanish accents, as he does the Filipino. And the latter, as everybody ought to know, he calls "nigger." He has a large contempt for the South American, Central American, Mexican, Cuban and all their kin, and, on occasion, especially when he has been drinking a bit, as he usually has when on shore leave, he seeks a chance to show it.

It is so with the English sailors, as well as the Americans. So the Britton and the American are cordially hated in Europe, in Asia and wherever English is not the native tongue.

That, as for the Cubans, the ungrateful beggars would not hesitate a moment to cut an American throat. Indeed, they would relish the task.

Can't Stop Teddy

"NATIONAL and municipal politics must not conflict," says Boss Cox of Cincinnati. Dear Cox, who are you, anyway? Have you not heard from Washington and what was the White House megaphone saying when it threw you out of power last year—when it sent Taft out to Ohio and he told the people that he would rather vote for a Democrat than for one of your candidates?

Theodore Roosevelt has decreed that the president of the United States shall interfere in state and municipal politics whenever he shall so decide. It is nothing to him, whether the city be New York or Chicago, or the state be Oregon or Delaware. He is going to have his say, whether the public considers it in bad taste or not.

That there is danger to American institutions when the head of the federal government meddles in local affairs is agreed on every hand, but Roosevelt has no respect for any one who may disagree with him.

"I am Sir Oracle," says he, "and when I ope my lips to speak, let no dog bark." A trite quotation, to be sure, but well-worn as it is, it hits the mark in this case as nothing else would.

TO THE city council "our gratulations flow in streams unbounded." The council's decision to sprinkle the streets comes a trifle late, to be sure, but, even if the rain did come first, it was simply an earnest, probably, of what the sprinkling carts will do when they shall be set at work next week. We cannot depend on a rain every night, you know. So let the cart keep at it.

RENO'S girls will have to learn to play basketball. We do not want to hurt the feelings of the bright students, but they have hurt ours. Here the San Jose Normal wiped the earth with the University team and now Elko repeats the trick with the Reno High. Now, girls, what IS the matter?

GUNTER-CURTIS.

Miss Grace L. Curtis and Frank S. Gunter were married Wednesday evening at the home of the bride's parents on Nevada street, the Rev. Mr. Sawin of the Baptist church officiating. Lauce Curtis acted as best man and Miss Zoe V. Sistner was bride's maid. The young couple will reside at Sparks, where the groom is manager of the Raines Mercantile store.

DEATHS.

MCKISSICK—In this city, May 3, 1907, Myrtle M. McKissick, a native of Nevada, aged fourteen years, one month and twenty-seven days.

The funeral will be held from the Episcopal church at 1:30 o'clock tomorrow afternoon.

FREY—In this city, May 3, 1907, Lottie B. Frey, a native of Nevada, aged twenty-six years, two months, eleven days.

Remains will be shipped to Genoa, Nevada for interment today.

IN AND ABOUT TOWN

H. H. Clark, otherwise known pretty much all over the coast as the "Bullfrog king," was a passenger on one of the east bound trains yesterday from California.

Clark, whose reputation dates from almost the time the first stakes were driven in the Bullfrog district, by his partner, Ladd, of Lovelock, was on his way to Ramsey, where he also has interests of considerable magnitude.

H. H. Clark is one of the many men to find the rise of their prosperity in the southern camps, and while he believes in taking chances, well knowing that no man has ever made good to any great extent in the mining business who did not take chances, is still too good a business man not to reduce the chances against him to the minimum, and his rise in the mining world has been steady and comparatively certain in consequence.

In speaking to a Journal reporter yesterday, while waiting for his train, he said that while he liked the mining business, he wished some way could be devised whereby a man could work a part of the time and have a little leisure in which to make the acquaintance of his family without going to Europe.

"I am operating in California, Arizona and Nevada, now," he said, "and I manage to get home for about thirty-six hours once a month, if I am lucky.

"There are no harder workers anywhere than the men who follow mining. Men come to the mining investor from all quarters of the country with mining propositions, and such a large percentage of these are so good looking on their face, that there is practically no option in the matter than to go and examine the properties, and the result is that the man is away from home all the time, and what rest he gets, he learns to take in Pullman cars, or under a sagebrush, as the case may be."

State Senator T. L. Oddie was a passenger for Tonopah last night, having just returned from the Seven Troughs country, where he has been on a trip of general inspection, and returned to this city to attend to some business in connection with Seven Troughs interests before returning to Tonopah.

"I did not stop in the Seven Troughs district long enough to konw as much about it as I do about other parts of the country," he said, "but from what I saw I have formed the belief that it is a great district, and that it will cut quite a large figure in Nevada mining history before it is very old.

"There are certainly some very fine showings there, considering the amount of work that has been done, and the short lengths of time which has elapsed since the first locations were made.

"Have no means of knowing anything about the boom which is talked of for that country during this summer, but should think that would depend largely upon the people themselves. If they develop their properties to a sufficient extent and can then make a showing in proportion to what they have now, the public will surely go into the district in large number."

Yesterday a large white automobile made its appearance on the streets, and attracted considerable attention from the public, as indeed it was entitled to, as it was a very handsome turnout.

The machine is of the Thomas Flyer build, 60 H. P., and the very latest pattern turned out this year. Its principal features, which differentiate it from other machines of the same make, are a straight axle and very high clearance.

The new machine is the property of the Nevada Wonder Mining Company, and is destined for company use, in connection with mining business, and for traffic between Fallon and Wonder.

William McMillan sits behind the wheel, and will guide the destinies of the desert ship, where there is no doubt he will be as popular as he was when he passed out smiles and liquid refreshment to the perishing at Moana springs last summer.

In Memory of a Dear Friend

The death of Miss Lottie B. Frey, of Genoa, is chronicled in this morning's Journal.

In the sunny days of old, in the maytime of life, the writer first met Lottie Frey. She was a sweet little thing, as airy as a butterfly fluttering over a flower. She was as buoyant as a bubble and her musical laugh was as the echoes of the callings and shoutings of the elves in fairyland.

Years came and went on the great wheels of the seasons. The sprite that was a child of the sunshine and the ether, was gone. In her place had come a young lady, sweet, warm-hearted, affectionate, trusting. About her was an atmosphere of serenity, a halo of joy. She was one among us in the old town in Carson Valley. Her life was a part of the life of the dear old town.

We saw her often, on many perfect days. Her greeting was as the smile of the morning. Gladness encompassed her as a garment. Dark-cowled care hovered not near, but vanished and gave way to the sparkling spirits of the upper air.

Of course such a being had a world of friends. For all these she had a glad greeting, a warm pressure of the hand, a dancing delight of the eyes.

It would seem that such a one should live long in this world, to lighten the sadness and gloom, to make the rough places smooth. So many loved her and were glad because she lived. But alas, death has come and left his stillness on her golden hair.

The child of the joys, the daughter of mirth, the sister of the sunshine, has gone down into the heartbreaking hush of the grave. For them to whom she was a spirit of life and light and love, to the stricken mother, father, sister and brothers, it seems as if the light had gone out in a large lone room, leaving them in darkness and doubt as to their way.

While the mourners weep, the memory of their loved one will lighten their sorrow. "With the opening buds and the blossoms full-blown, 'neath the changing clouds and the changeless stars" we leave her, with tearful longing tugging at our hearts.

G. M. S.

Reno, May 3.

MRS. HUNTINGTON'S DEATH.

District Attorney Moran did not issue a complaint against Dr. De Haslea yesterday, although the members of the coroner's jury blamed the physician for the death of Mrs. Eddie Huntington. The official said yesterday that he will have to examine the evidence before asking for the arrest of the physician. He said it would be hard to convict the doctor with the evidence shown at the inquest. Moran says he is inclined to believe that since Dr. Wichmann was acquitted on a similar charge, it would be useless to try De Halsea.

BRIGHTENING THE COURTHOUSE

D. Dickey and John Richardson believe in the elevating influence of beautiful surroundings, to judge by the efforts they are making to improve the court house yards. Their latest stunt in landscape gardening consists of the preparation of a plot outside the sheriff's office for the planting of flowers and shrubbery. Dickey says he is going to have a little beauty spot to gladden the vision of all beholders.

THETA EPSILON TO EAT

Members of the Theta Epsilon sorority of the University of Nevada, are preparing for their annual breakfast that will be held the morning of Commencement Day. The breakfast will be held on the veranda of the Riverside hotel. Many of the alumnae are expected to be present.

The Luxury of One Age BECOMES A Necessity in the Next

The comfort of cooking and heating with gas is no longer a luxury--it is a necessity. The kitchen with soot, smoke, ashes and dirt to work in is a thing of the past. Its low cost of maintenance, cleanliness, safeness and great convenience make a gas range a necessity in every home.

Consider These Facts:

Do you care to carry fuel and ashes?

Is it pleasant to build the fires?

Do you like the task of splitting wood and kindling?

Do you think it is comfort to have your kitchen begrimed with soot, coal dust, and ashes?

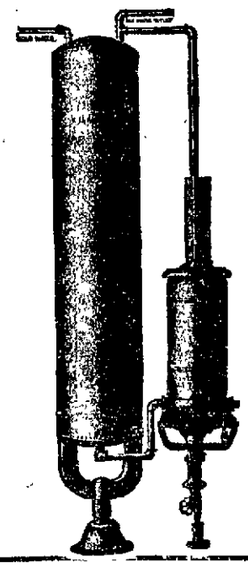

Is it pleasant to work in an atmosphere crowded with fumes and smoke?

Would you endanger your life and property by using gasoline?

Does your coal bill look too big?

Another Point

You can cook a food requiring a low heat and one requiring a greater heat on the same range when you use GAS.

We carry a complete line of gas ranges and heaters. We do the piping free. Get your order in now and avoid the rush which will come with summer. Come now while we can wait on you promptly. Use gas the year round.

WEBFOOTERS SHUT OUT THE SAN FRANCISCOS

SAN FRANCISCO, May 3—Portland manifested a liking for Hickey's curves today and in the first three innings gathered in all of the runs they scored in the game. Hickey was then replaced by Willis. For the visitors Schimpff was in shut-out form and got such excellent support that the locals piled up a row of ciphers. Score:

Portland	3	10	0
San Francisco	0	6	1

Schimpff and Donahue; Hickey, Willis and Esola.

LOS ANGELES, May 3.—Los Angeles won the lightest hitting game of the local season today, one to nothing. The game was won in the first inning when Los Angeles scored one run on two singles and a stolen base. Carnes held Oakland down to four scattered hits. Score:

Los Angeles	1	3	0
Oakland	0	4	1

Carnes and Eager; Wright and Eliss. Umpire—Derrick.

EMERYVILLE RACES

SAN FRANCISCO, May 3.—Long shots again figured prominently at Oakland today, Funnyside, Silver Line and Theodore Case being among the outsiders to land. The Amazon handicap over the futurity course resulted in a victory for the heavily played Toupee, while Natty Son beat F. Neugent, the favorite, for the place. Results.

First race, futurity course, selling—Titus II won; Speaker Fontana second; Bode Reed third. Time 1:11 2-5.

Second race, mile and fifty yards—Funnyside won; Red Reynard second; Michael Mulvaney third. Time 1.44 4-5.

Third race, mile and half a furlong—Silver Line won; Fair Fagot second; Kogo third. Time 1:48 3-5.

Fourth race, the Amazon handicap, futurity course—Sandy won; Native Son second; F. Neugent third. Time 1:09 1-5.

Fifth race, mile and fifty yards, selling—Theodore Case won; Nebonassar second; John C. Graus third. Time 1.46.

Sixth race, seven furlongs—Bedford won; Ethel Day second; Judge Nelson third. Time 1:26 4-5.

TROPHY SHOOT

A team from Sparks will participate in the trophy shoot at Moana spring Sunday, because the Carson City gunners cannot be present. Members from the sporting club of Carson City will not come until the second Sunday in May.

MORAN REFUSES WARRANT

Confessing his guilt to the police, Frank White, who is seventeen years of age, lies in a cell at the city prison. District Attorney Moran refuses to issue a warrant charging White with plundering the Woman's Exchange on Second street. White says he stole $45 and some merchandise.

J. P. Rhodes, one of the proprietors, was sleeping in the store at the time of the theft early yesterday. Rhodes reported the theft to the police, and there found the robber had been caught and had confessed.

WOODBURY, N. J., May 3.—Swift justice was meted out today to Edward M. Edson, a negro who on Monday night last attacked Miss Dorothy Paris, nineteen years old, of Wenonah. Edson was sentenced to twelve years imprisonment and to pay a fine of $1,000. This is the extreme penalty.

BIRMINGHAM, Ala., May 3.—At Woodstock today Frank Richardson, a negro, shot and mortally wounded J. E. Sullivan, agent of the Alabama Great Southern Railway, and was shot and instantly killed by Sullivan. Sullivan died later. The men quarreled over the freight rate on some household goods.

TROOPS FOR PHILIPPINES

Thirteen carloads of cavalry passed through here yesterday on the way from Fort Russel, Wyo., to the Philippines.

A WATCH TRUST

WASHINGTON, May 3.—Charles E. Keene of New York, president of the Independent Watch Dealers Association today conferred with Assistant District Attorney Purdy concerning an investigation which the department is making into the methods of the so-called "watch trust." Keene presented to Purdy, he said, evidence concerning the operations of the alleged watch trust. He asserted that American made watches could be purchased in various European countries for much less than they could be bought in this country.

JURORS TO KEEP HOUSE.

BOISE, Idaho, May 3.—The jury which will try William Haywood first of the accused in the Steunenberg case, will keep house during the trial. The law of Idaho provides that such juries shall be kept together and in seclusion.

DENVER, May 3.—John L. Routt, thrice governor of Colorado, was today declared by a jury appointed by the county court to inquire as to his sanity, to be "so insane and distracted in mind as to render him incapable of managing his estate."

YOUNG CORBETT KNOCKED OUT BY KID SULLIVAN

BALTIMORE, May 3.—"Kid" Sullivan of Washington tonight knocked out Young Corbett of Denver in the eleventh round. The match which was fought before the Eureka Athletic Club, was scheduled to go fifteen rounds.

In the rounds in which there was any particular advantage it was with Sullivan. Corbett showed that he was hurt as early as the second round and in the fifth Sullivan knocked him through the ropes. Corbett was then in bad shape, but managed to last until the bell. Again in the seventh round Corbett was driven through the ropes. In the tenth he went to the floor for the count, just before the end of the round.

In the eleventh Corbett was nearly exhausted. He was beaten around the ring when Sullivan landed a good right on the jaw and again Corbett went through the ropes, this time flat on his back with his head to the audience, where he lay while Referee Jack McGuigan counted him out. Corbett was carried to his corner and was not revived for many minutes.

JACK O'BRIEN THE FAVORITE OVER BURNS

LOS ANGELES, Cal., May 3.—Betting odds on the twenty round fight next Wednesday night between Jack O'Brien and Tommy Burns has shifted from even to ten to eight on O'Brien. It is predicted that by the time the fight is on, the odds will be ten to seven. Confidence in O'Brien as a ring general and in his ability as a fast and clever boxer has been the cause of the boost in the O'Brien sentiment. O'Brien's training work is of the spectacular sort and his training headquarters are crowded daily. Burns, on the other hand, is only a hard, persistent worker and his training work does not show to such advantage. Both, however, profess the greatest confidence in themselves and say they are in better condition than ever before.

EASTERN BASEBALL

American League—At Detroit: first game, Chicago 9, Detroit 4; second game, Chicago 1, Detroit 2. At Cleveland: St. Louis 10, Cleveland 4. At Philadelphia: New York 4, Philadelphia 3. At Washington: Washington 0, Boston 3.

National League—At Boston: Boston 6, Philadelphia 2. At New York: New York 1, Brooklyn 0.

WITCH ELM WINS CLASSIC EVENT IN BRITAIN

LONDON, May 3.—The One Thousand Guineas at Newmarket today was won by Witch Elms at 4 to 1. Frugality was second and Sixty was third. Seventeen horses started. The stakes are for three-year-old fillies, distance one mile.

Witch Elm, the favorite, took the lead early and won by three lengths in a canter.

MISS SUTTON A WINNER.

NEW YORK, May 3.—Miss May Sutton won the final of the tennis singles today defeating Mrs. Barger-Wallach who last year was runner up to Miss Helen Homans in the national championship tournament at Philadelphia. The California girl outclassed her opponent and won easily, 6-1, 6-2.

SCHRECK DEFEATS ROSS.

DAYTON, Ohio, May 3.—Mike Schreck of Reading, Ohio, won from Tony Ross of Newcastle, Pa., near this city tonight by a knockout in the thirteenth round.

Fraternal Brotherhood Attention

A special meeting will be held this evening at Kindergarten Hall to welcome Sister Emma R. Neidig, supreme vice president. All members of the order are cordially invited to attend.

NEW YORK, May 3.—William Cross, his wife and their two sons were found dead from inhaling illuminating gas in their home, in Jersey City today. The family lived upon the top floor of a three-story house.

SANTO DOMINGO, May 3.—The new treaty between the United States and Santo Domingo, intended to replace the treaty which has been pending before the United States senate for the last two years, was ratified by the Dominican congress today.

GUATEMALA CITY, May 3.—Chief of Police Aslam, an American, has resigned and will return to the United States. The government paid him his salary for the time between now and the date his contract expires.

CHICAGO, May 3.—Miss Mary Sladek, whose parents recently died as the result of arsenical poisoning, was held today to the criminal court for trial. It is suspected that she mixed arsenic in the food prepared for the family. Four of her brothers also were poisoned, but recovered.

PARIS, May 3.—Captain J. Steedman of New York and Philadelphia, son of the late Rear Admiral Charles Steedman, committed suicide by shooting last night at the hotel DeL'Orient here.

COLUBUS, O., May 3. — Silas N. Field died today of Bright's disease. He had been either sergeant-at-arms or assistant at every Republican convention for the last quarter of a century.

SPOKANE BOY TIES THE FIFTY-YARD RECORD

SPOKANE, May 3.—George Rouse, a Spokane high school boy, yesterday broke the inter-scholastic record for the fifty yard dash and tied the world's amateur record by making the distance in 52-5 seconds at the big inter-scholastic meet being held at Walla Walla.

There are twenty-five schools in the meet and about 250 athletes are competing from the states of Washington, Idaho and Oregon.

THE FRISCO STRIKE SITUATION

SAN FRANCISCO, May 3.—Arbitration of the differences between employers and employes, as offered by the Metal Trades Association to the Iron Trades council, was rejected today at a meeting of representatives of eighteen unions. The reason given is that the men think the time for arbitration has passed and that accepting the offer would be doing an injustice to those firms which have granted the eight hour day.

There was no change today in the impending street car strike. While it is, still believed something may develop to avert a tie up on the United Railroads, but the car men and the company are standing firm and the situation generally is regarded as hopeless. With the telephone service badly crippled as a result of the strike of the telephone girls, it is recognized that a tie up of the street cars would seriously affect the business of the city. Both sides to the controversy today issued their usual statements reiterating their positions and seeking to enlist public sympathy.

The Woman's Guild of the Episcopal church will give a pastry sale when refreshments will also be served at the Parish House on Saturday afternoon, May 4th, at two o'clock. t2

Dr. Mooser Returned

Dr. C. E. Mooser will resume practice Tuesday, May 7, 1907, corner 1st and Sierra streets. Phone 181. m3tf

SEATTLE, May 3.—More than 1,000 men in the iron trades are idle in Seattle today due to the strike inaugurated this morning of the iron moulders. The latter demanded an eight hour day.

TOO LATE TO CLASSIFY.

WANTED—Two good girls to wait on table; also do chamberwork. Address L. H. Conley, Walley Springs, Nev. m4w

Just received another consignment of Belmont whiskey. The Owl. a5tf

HOW IT STICKS

Keno Has Found it Hard to Shake Off.

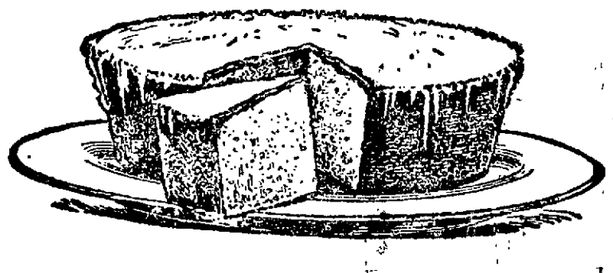

Hard to bear, harder to get rid of,
Is any itching skin complaint,
Eczema or Itching Piles.
Doan's Ointment relieves and cures,
All itchiness of the skin.

Charles Zeller, of 1608 Q street, Sacramento, Cal., says:

"For about a month on my shoulder there was a patch of eczema or some skin disease. I expected it to disappear as mysteriously as it came, but I was disappointed and noticing an advertisement about Doan's Ointment in one of our Sacramento papers I went to a drug store for a sample box. Before I finished it I knew it was killing the life and I purchased a 50-cent box. That stopped it absolutely. There has not been the slightest appearance of a recurrence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.

Housekeepers are sometimes importuned to buy other powders because they are "cheap."
Housekeepers should stop and think. If such powders are lower priced, are they inferior?
Is it economy to spoil your digestion?

The "Royal Baker and Pastry Cook"—containing over 800 most practical and valuable cooking receipts—free to every patron. Send postal card with your full address.

Alum is used in some baking powders and in most of the so-called phosphate powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive which, taken in food, acts injuriously upon the stomach, liver and kidneys.

ROYAL BAKING POWDER CO., NEW YORK.

Linda Vista Heights

THE most picturesque site for an ideal home, also very desirable location for a boarding school or sanitarium, situated about 1 mile northwest of Reno, consisting of 38 1-2 acres of very fertile land, also plated, containing about 60 lots. Will cut 75 tons alfalfa; 4-room cottage, barn, chicken sheds, good well, included in pumping station, 9 H. P. gasoline engine. A rock crusher could be operated here also. For price and terms see

STOCKS, MINES and MARKETS

MOREY BELIEVES THAT NEVADA MINES ARE GREAT

MANY CAMPS SHOW GREAT DEGREE OF ACTIVITY

R. G. Morey of Buffalo New York Is Very Highly Pleased With the Phenomenal Showing in Many Promising Nevada Camps.

R G M[illegible] representing the [illegible] Safe Company of Buffalo N Y has recently made a tour of the principal camps in Nevada and finds a general condition of [illegible] the best [illegible] Aggressive mining [illegible] to such an extent that the bullion output will [illegible] be greatly increased [illegible] probably will at an early date reach the annual output of [illegible]

When Mr M[illegible] was on the tour he [illegible] mining [illegible] development of [illegible] the interest [illegible] funds [illegible] in saving their [illegible] the most promising [illegible] legitimate investment with the [illegible] issue of enormous returns.

[illegible] Wonder [illegible] new camp of Wonder [illegible] ledges [illegible] Jackpot Wasp and [illegible]

[illegible] Nevada Hills [illegible] high [illegible] making [illegible]

Manhattan [illegible]

[illegible] Pittsburg [illegible]

[illegible] Mongolia [illegible] stamp mill [illegible] advanced [illegible] stamp mills [illegible] short time [illegible] & Company bankers are erecting a large building which will be [illegible] this [illegible] short time.

In the [illegible] ever boom [illegible] town and [illegible] which certainly [illegible]

[illegible] The surface [illegible] death has been [illegible] good values have been found and regular shipments from this section are positively [illegible]

At Bishop is located the large power plant which furnishes electrical power to Tonopah and Goldfield and the principal mining operations in this section are being advanced by the Black Canyon Mining Company of which M T Stovall is secretary. This is certainly a very promising property and [illegible] of the ore made by Mr Morey personally showed [illegible] of gold in the pannings. Certainly the ore is very rich.

Big Pine is truly a homelike town [illegible] everybody is comfortably located all have money and the townsite itself is [illegible] During one day there no less than seven different outfits loaded up for Umbehr district where very extensive mining operations [illegible] being developed in the great copper zone trending through that [illegible]

Around Mina there is a remarkable [illegible] mining region carrying silver gold and copper [illegible] the properties [illegible] being actively developed [illegible] to such an extent that Mina is quite a center for this mineral field.

Yerington is a wonderful copper camp the ores being remarkably high grade on the surface and the veins [illegible] being something phenomenal. In the Lyon county bank there is the [illegible] elegant [illegible] specimens [illegible] native

SKOOKUM CAMP IS NOW IN LINE FOR ACTIVE OPERATIONS

PROMISING FISSURE VEINS IN SEVERAL PROPERTIES

Skookum California, Gives Every Promise of a Large Gold Production for the Veins Are Rich and Strongly Defined

Skookum California a section of Mono county about twenty miles north of Bishop is attracting attention which is greatly accentuated by recent exploration.

In speaking of that section F W Deffi[illegible] describes it as a vast scope covering a strip of country five miles in width by forty miles in length and he expresses surprise that a region so [illegible] mineralized would be dormant and be entirely overlooked in these days of gold fever and excitements. This section is one of great promise and well merits earnest attention from mining men.

The veins are true fissures and the formation being a very desirable one there is every evidence of many phenomenal discoveries. The formation is granitic schist and porphyries which have a regular trend northerly and southerly and are so pronounced on the surface that they can be easily traced for miles. In places the andesite porphyries and rhyolites intersect the formation above suggested.

Traversing and paralleling [illegible] intrusion [illegible] found the true fissure veins and are from a foot to fifty feet in width and in number are almost innumerable. At times as many as seven of these veins are found within the lines of a location 600 feet wide by 1500 feet in length and the value ran from [illegible] cents to several thousand dollars per ton. The high [illegible] values [illegible] in the tellurides which in depth [illegible] increase in value.

The Casa Diablo mine which is owned by Professor Fohlman and associates of Chicago purchased as a mere prospect three years ago has been actively operated ever since and there is now more than 1,000 feet of tunnel [illegible] in which work is exposed strong veins carrying gold [illegible] values [illegible] $20 [illegible] and block [illegible] half a million dollars worth of this [illegible] Assays have been [illegible] a ton.

A [illegible] mill is nearly completed [illegible] eight miles in length with which water power for electrical [illegible] purposes.

South [illegible] the Casa Diablo is the [illegible] holdings which has [illegible] characteristics as the Casa Diablo. On this estate [illegible] is disclosed twenty three strong ledges which have been opened up within [illegible] claims comprising the property [illegible] corporation. These veins [illegible] from one foot to fifteen feet in width [illegible] gold values of $20 per [illegible] While only a limited amount of development [illegible] has been done there is [illegible] the fact that the strength and value of the shoots increases with [illegible] per cent of the [illegible] values [illegible] secured [illegible] and extending.

North of the Casa Diablo there is a [illegible] mineralized territory which is [illegible] operators are doing much development among them [illegible] and Stone. The holdings of [illegible] consist of eight claims and [illegible] there are [illegible] porphyry. The [illegible] strongly defined and [illegible] few degrees from the vertical with an east and west trend [illegible] right angles with the formation. This proposition is now under [illegible] figure.

[illegible] this section is the Bonanza group [illegible] claims which [illegible] and [illegible] located here [illegible] group and several others [illegible] actively developed.

[illegible] four or five miles [illegible] held to the prospect.

The [illegible] of Skookum has an ideal [illegible] to Antelope Springs [illegible] twenty [illegible] of Bishop and [illegible] from Hammil on the Carson & Nevada Railroad.

QUICK TIME FROM RAMSEY.

A record breaking run was made yesterday by George Wendell Phillips in his private Italian car Fiat from Ramsey to this city. In the car were Colonel Winfield Scott Proskey, Julian [illegible] George Hafer, Thomas [illegible] Augustus Hanson, Mr Phillips and the latter's mechanic. The party left Ramsey in the auto at 1:15 p m and arrived here at 1:45 p m. The distance traveled in this time was twenty-nine miles, fourteen miles from Ramsey to Clarks and twenty-five miles from Clarks to Reno. The [illegible] fourteen miles is a new road and [illegible] this was the first trip which a car has made over it.

This party had been out to Ramsey [illegible] of looking over the mining interests in that district.

[illegible] copper this chunk of ore being about [illegible] feet wide [illegible] feet long and two [illegible] is certainly a marvel. Yerington only needs rail transportation to make it a great copper camp.

Goldfield and Tonopah are very much better today than they ever were and the output of high grade material is daily on the increase. Both of these towns are spending an enormous amount of money in large buildings and also are investing heavily in surrounding camps.

RICH MINES HAVE BEEN LOCATED NORTHWEST OF CARLIN

PROPERTIES WILL BE EXTENSIVELY OPERATED.

Thirty-Six Claims Have Been Taken Over by Ole Elliott and Development Has Already Been Commenced on An Extensive Scale.

Much attention has recently been directed to an important find northwest of Carlin and a number of well known mining operators have visited that field among them M B Moore and Ole Elliott, the latter gentleman being very favorably known in mining circles. Elliott was sufficiently impressed with that section to at once purchase thirty-six claims and aggressive operations will be advanced at once and to that end a large force of men has already commenced work.

Sensational values have been found in that section and the lowest assay had was $16 per ton.

In this section the leads are all blind for there is positively no outcrop on the surface but the rich pannings had from surface dirt were sufficient to enlist the interest of Elliott to the extent indicated.

Quite a number of men have visited the field and all appear to be well pleased with present disclosures and this section is in line for active development the present season.

The district is only a short distance from Carlin on the main line of the Southern Pacific and hence transportation is assured.

This whole section seems to be covered with several feet of loose loam all of which pans well and it is probable that good placers could be extensively operated with the best result.

ST. FRANCIS AND JACKPOT WILL BE ACTIVELY DEVELOPED

GOOD SURFACE VALUES ON BOTH THESE GROUPS

H. M. Brown, Formerly of Tuscarora, Has Made an Important Discovery of Gold-Silver Ores North of Miller's Siding.

About two miles from Miller's station is a group of five claims carrying exceedingly high values on the surface owned by H M Brown A A Chappell and George W. Bechenau.

While these are new locations the values run in the outcrop $36 per ton in gold silver and copper. This group is known as the St Francis and the vein is two feet wide and is stronger and better defined as depth is attained.

Within two miles of this proposition there is a 100 stamp mill now in operation and a sixty stamp mill being constructed which offer facilities for reducing the output from this property.

The Jackpot group owned by the same people is four miles and a half from Miller's siding and the vein is in a granite contact and assay values have been had from the surface showing $12.58 $11.38 of which was gold. The vein on the Jackpot is sixty feet wide and a crosscut tunnel is now being advanced to cut the vein at a depth of 112 feet below the apex of the zone. Several other crosscuts have been run and the disclosures are satisfactory. George Toombs of Reno is interested with H. M. Brown in this property.

NOTICE

In the Second Judicial Court of the State of Nevada in and for the County of Washoe.

The State of Nevada sends to Ada L Glasier greeting.

You are hereby required to appear in an action commenced against you as defendant by Arthur B Glasier as plaintiff in the second Judicial District Court of the State of Nevada in and for the County of Washoe and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county or twenty days if served out of said county but within said district and in all other cases forty days or judgment by default will be taken against you according to the prayer of said complaint. This action is brought to recover judgment against you dissolving the bonds of matrimony between you and the said Arthur B Glasier on the ground that you disregarding the solemnity of your marriage vow, willfully and without cause deserted and abandoned the said Arthur B Glasier and ever since have and still continue so to willfully and without cause desert and abandon him and to live separate and apart from him without any sufficient cause or reason against his will and without his consent.

All of which will more fully appear from the complaint which is on file in the office of the clerk of the said court at Reno in said county and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint the said plaintiff will apply to the court for the relief demanded.

In testimony whereof I have hereunto set my hand at Reno this eighteenth day of April A D 1907.

J B DIXON
Attorney for Plaintiff

Are You a Member?

There are many people who do not understand the usefulness, convenience an safety of banking their money and paying their bills by check, there are others who appreciate these features yet feel that their income is not large enough for them to have an account at the bank.

No matter how small your income we would be pleased to have you open an account with us—If you take good care of this account you will find it not only a convenience but of real and material advantage to you; there are many reasons—come in and let us tell you some of them.

MACKAY RETURNS TO START CONSTRUCTION OF NEW TELEGRAPH SYSTEM IN NEVADA

NEVADA WILL HAVE EPISCOPALIAN BISHOP OF HER OWN

IMPORTANT ACTION BY THE CONVOCATION

Three New Districts Are to Be Created Throughout the Western Territory

BOISE, May 3.——At today's session of the Episcopal Convocation of the seventh missionary department the proposed memorial to the general conference respecting redistricting was formulated.

It proposes to cut off Western Colorado from the Salt Lake district and make it a district by itself, and to make Nevada a district by itself. It is proposed further to take the Idaho panhandle off the Spokane district and attach it to the Idaho district.

Bishop Funston will be given the panhandle instead of the western portion of Wyoming which he now covers. The plan involves the appointment of three more bishops.

It is pointed out in the memorial that the western states, covering two-fifths of the area of the country, have only twelve bishops.

JUMPS THE EX-JUDGE

BOISE, May 3.—Senator Borah, one of the leading counsel for the state in the approaching trial of William D. Haywood and others accused of the murder of ex-Governor Frank Steunenberg today issued a statement in reply to the interview given out at Washington yesterday by Judge James B. Beatty, who recently retired from the federal district bench in this state. He said: "Judge Beatty seems to have utterly forgotten the high position he holds. During the last campaign for the senatorship he used his position in a shameless and utterly dishonorable way for his political advantage. He did not hesitate to demand and receive favors from litigants who had important litigation in his court and so conducted himself as to compromise to a remarkable extent his dignity and honor."

INDIAN GOVERNOR DEAD

ARDMORE, I. T., May 3.—Peter Maytubby, for two terms governor of the Chickasaw tribe of Indians, is dead at his home in Caddo, aged sixty years.

FULLAM SHOWS TRUE SPIRIT AND THROWS CUT THROATS OF NICARAGUA INTO IRONS

Brave and Bold Naval Commander in Central American Waters Does Not Fear International Consequences but Arrests Assailants of American Even if Latter Is Negro

PUERTO CORTEZ, April 29 (via Mobile, Ala., May 3).—The chief of police and several policemen of this place are in irons aboard the American gunboat Paducah, charged with murderous assault and face a trial by court martial and possible hanging from the yard-arm of the Paducah. They were arrested on orders issued by Commander Fullam of the Marietta for attacking a Louisiana negro named General Davis here on April 27, and perhaps fatally injuring him. A number of Nicaraguan officers and men also were arrested in connection with the affair. These were delivered to the custody of General Estrada, who was advised by Commander Fullam that he would be held for their safe keeping.

Davis, who is an inspector for the Thacker Brothers Steamship Line, was talking with some negro companions today when he was threatened with a machette by a drunken soldier. Davis wrested the weapon away from the man and went into a house nearby. Soon a squad of police and soldiers arrived and arrested him. While being dragged to the cuartel Davis was beaten into insensibility. Thinking Davis was dying they took him back to the place of his arrest and threw him down on the ground, refusing to allow his companions to remove him into the shade. Physicians arrived and found him perhaps fatally hurt.

Within ten minutes the blue jackets of the Marietta under Ensign Roorasuch were on the spot.

Commander Fullam's orders were sharp and decisive:

"Arrest the chief of police," he said, "and the policemen engaged in the assault, put them in irons and send them aboard ship. Arrest the Nicaraguan officers and men engaged in the assault and hold them for orders."

It was thought possible that an attempt would be made to release the soldiers and police captured by the bluejackets and additional men were landed from the Paducah and the Marietta. The Paducah moved to a position fronting the Nicaraguan cuartels, while the Marietta covered the cuartels in the port.

Commander Fullam finding that the civil authorities were incapable of maintaining regulations or order; that the government of Tegucigalpi was a mere provisional agreement of certain leaders that so far gave no evidence of stability, decided to ignore the authorities here and recognize the only organized and disciplined force here under General Estrada, commanding the Nicaraguan forces who had in the meantime returned from an outing.

Notice has been served on the Honduran and Nicaraguan authorities that reparation would be demanded and punishment should be inflicted upon all of the perpetrators of the outrage.

Commander Fullam says if Davis dies the perpetrators will be tried for murder, presumably by court martial, and the guilty ones hanged at the yardarm in front of the port. The Paducah was ready to sail for Celba and Truxillo, but will remain here for the present.

Commander Fullam has placed Captain Winterhalter in command of the land forces and he is conducting a vigorous investigation of all the details of the Davis affair.

RUMORED TROUBLE TAKES OFFICERS HOME QUICK

Fort Reno, Prolific of Scandal, Now Said to Have Something Like Mutiny Against Subalterns

SAN ANTONIO, May 3.—Major C. W. Penrose, Captain L. P. Lyon, Second Lieutenants D. D. Day, H. S. Goyer and George C. Larson, who have been here in connection with the Macklin court martial, left hurriedly for Fort Reno tonight in consequence of a rumored friction between two lieutenants and a battalion of infantry stationed there. The only explanation given was that Colonel Hoyt, twenty-fifth infantry, now commanding the department of Texas, was very anxious for them to return to Fort Reno at once. The officers are reticent.

SNOW IN CHICAGO.

CHICAGO, May 3.—All records for snow falls in Chicago during the month of May were broken today and only once since 1875 has the temperature fallen so low. Early in the afternoon snow began falling and by night nine-tenths of an inch had fallen. During the evening the temperature dropped to thirty-four, the lowest for thirty-one years for May with one exception.

SANTA FE TRAIN WRECK

TRINIDAD, Colo., May 3.—The Santa Fe overland limited train No. 8, eastbound, on the Atchison, Topeka and Santa Fe railroad, was derailed by a broken rail here at ten o'clock today. The locomotive, four baggage cars and two day coaches turned over but the Pullman and tourist cars remained upright. The engineer was injured, but no passengers were hurt.

FORTY BORNE TO DEATH UNDER MASONRY WALLS

THE GREAT DAM AT CHUVISCAR GIVES WAY

Fearful Accident Yesterday Near Chihuahua Mexico, in Which Structure Crumbles

CHIHAUHUA, Mex., May 3.—One of the great walls of the Chuviscar dam suddengly gave way yesterday, engulfing nearly forty men under the enormous weight of the masonry and water.

Between fifteen and twenty of the workmen are dead and thirteen injured and several others are unaccounted for. Some of the injured will die. The disaster is the last of a large number which have recently claimed nearly two hundred victims in this state.

The authorities are making a thorough investigation and will severely punish those upon whom they place the blame.

MONROE SALISBURY DIED YESTERDAY IN NEW YORK CITY

NEW YORK, May 3—Monroe Salisbury, the well known horse breeder of San Francisco, died here last night. He came here several weeks ago for treatment for cancer but the doctors were unable to save his life. A daughter, Mrs. T. N. Boardman, started for San Francisco today with the body.

Mr. Salisbury was very prominent a few years ago on the grand circuit. He developed many trotters and was known as the "King Maker" of the trotting turf. He was at one time quite wealthy.

Mrs. Salisbury, his wife, who died several years ago, was a prominent society woman of San Francisco. A son, Sidney Salisbury, committed suicide a few weeks ago in a fit of despondency.

RIOTS IN INDIA.

ALAHABAD, British India, May 3.—Serious anti-European riots have occurred at Rawalpindi, Punjab. A Hindu mob burned two bungalows, pillaged the mission church, looted the postoffice, burned a garage and all the motor cars in it, destroyed the plant of a power house and smashed the windows of the residences of many Europeans. Armed police eventually obtained the upperhand and dispersed the rioters. The town is now patrolled by a squadron of the Tenth Hussars.

PORTSMOUTH, England, May 3.—The colonial premiers, were all brought here today as guests of the admiralty to get a glimpse of the empire's navy. Twelve battleships, including the Dreadnaught, a score of cruisers and thirty-seven torpedo boa destroyers were reviewed by the statesmen.

GOLDFIELD MAN'S GENEROSITY IS TO ADVERTISE NEVADA

WILLIAM J. BREWER OFFERS STATE $30,000

Will Run a Special Car East to Boost for the Battleborn Sagebrush Land

William J. Brewer, an Indiana man who has made a fortune in Goldfield, will pay the $30,000 expenses of a special train that will be sent from this state to New York, advertising the resources of Nevada. The four Pullman cars will carry boosters—Senators Newlands and Nixon, the congressmen, the governor and state officials, the chairman of the publicity commission, newspaper editors and press agents, besides an invited crowd of representative citizens.

Brewer announced the proposed excursion to Chairman Davis of the Nevada Publicity Commission. The entire trip will be under the direction of the commission of which Davis is the head. Banners telling the purpose of the trip will be hung to the sides of the train. A collection of ore exhibits will be stored in the cars.

C. O. Wittemore, chief counsel for the Salt Lake road, will furnish another Pullman car, to be attached to the train at Salt Lake. The train will leave Nevada during September.

THREE MILLIONS WILL BE SPENT AT ONCE TO BUILD THE PACIFIC POSTAL LINE

In Exclusive Interview With Journal Representative President of Commercial Cable Company Tells of Plans to String Wires Across Nevada and Give Cities Better Service

Clarence H. Mackay, president of the Postal Telegraph Company, returned to Reno yesterday morning, after touring the state for the purpose of ascertaining the advisability of building a system of wires through Nevada; and in an exclusive interview with a Journal reporter, he said that the construction will begin as soon as he returns east.

Mackay came here from San Francisco, having visited since his departure last Sunday Tonopah, Goldfield, Rhyolite, Las Vegas and other mining camps. Personal inspection, he says, has satisfied him that the Nevada field for the Postal is one of the best remaining undeveloped.

"The Postal Telegraph Company will spend $3,000,000," said President Mackay, "in building a line from Sacramento to Reno, looping to Carson City, Virginia City, Tonopah, Goldfield, Rhyolite and Las Vegas, meeting there an extension from Los Angeles. From Salt Lake another string of wires will be constructed, although the route has not yet been chosen from the surveys made by the engineers."

"Operations will begin at once on my return to New York. I will leave here tonight on the Overland limited, stopping at Salt Lake and Denver. From the latter city our party will continue to the eastern metropolis. Arrangements will be made in New York for the establishment of an office in Reno, where the work will be directed from. Details of the remaining plans will have to be left to conjecture, as my trip through Nevada has left many problems unsolved."

Arriving in Reno at ten o'clock yesterday, Mackay and party were driven in the bus to the Riverside hotel. After lunch, an automobile was used to convey the visitors to the University of Nevada. Dr. Stubbs, president of the college, met Mackay and associates on the campus, and together they inspected the mining building that is the gift of the telegraph company's president.

Mackay was chagrined by the delay in the construction of the structure that is being erected with his money. He was told fully of the labor troubles here that make rapid work impossible.

Father Tubman joined the Mackay party after dinner at the Riverside, and there the two discussed the Catholic cathedral that is being built here. The party went to the depot shortly before midnight, and left on the Overland limited.

During his visit at the university, Mackay called on Miss Wier, the secretary of the Nevada Historical Society, and assured her that he will do everything to aid the organization in its work. Mackay gave $500 to the historical society recently, an account of which appeared at the time in the Journal.

UNITED RAILWAY HEADS ARE TO BE INDICTED

San Francisco's District Attorney Makes a Strong Intimation as to Their Coming Arrest, Charged with Bribery

SAN FRANCISCO, May 3.—District Attorney Langdon this afternoon, when the grand jury had adjourned, allowed the reporters to understand indirectly that President Patrick Calhoun and General Manager Thornwell Mullaley of the United Railways would be indicted. They appeared in answer to the jury's subpoena, but, on refusing to answer questions, they were not urged to reply. On the confession of fourteen supervisors, it is charged that the two railway officials expended for their roads the sum of $750,000 in bribery to procure additional franchises and privileges.

It is declared by the district attorney that each supervisor to the number of fifteen, received $4,000 apiece, Supervisor Wilson got $10,000, Gallagher $15,000 and Ruef and Schmitz were paid $565,000. The bonds given as part of this sum amounted, so the district attorney says, to $565,000, and Ruef and Schmitz are asserted to have turned their securities into cash through the firm of Charles Sutro & Co.

Charles Sutro, the broker, was one of the witnesses before the grand jury today.

President Calhoun tonight issued a public statement in which he categorically denied every charge of bribery and says that no one connected with the United Railroads ever authorized any bribery or knew of such a thing.

THE QUEEN OF SPAIN

MADRID, May 3.—Following a long drive in the park this morning, Queen Victoria visited and inspected the residence recently acquired for her occupation after the birth of the expected heir.

DENVER FACES A STRIKE.

DENVER, May 3.—The building trades council took action at a secret meeting tonight, which, unless the strike of the mill men and woodworkers is settled, it is predicted, will result in a general strike of the building trades in this city. The council decided to suport the mill men and woodworkers.

LAND SWINDLERS PUNISHED.

PORTLAND, May 3.—Former State Senator Franklin P. Mays and W. N. Jones were today sentenced by Federal Judge W. H. Hunt in connection with land fraud cases of Eastern Oregon.

Mays' punishment is a $10,000 fine and four months in the Multnomah county jail and that of Jones is $2,000 and eight months in the county jail.

ELOPER'S LETTER SUPPRESSED.

NEW YORK, May 3.—Bishop Burgess, when asked today if he would give out the letter he received from Cooke asking that he be deposed from the ministry, said that owing to the fact that the names of several other persons were mentioned in the letter, he did not feel at liberty to do so. "I do not think it would be justice to involve them in the scandal."

Smart Spring Suits and Furnishings for Men at Prices That Are Always the Lowest

IT'S REALLY AN EASY MATTER TO BE WELL DRESSED AT A SMALL EXPENDITURE IF YOU MAKE YOUR SELECTION AT THIS "BEST MEN'S SHOP." EVERY REQUISITE OF THE CRITICAL DRESSER FINDS ITS BEST EXPRESSION HERE.

$10.95 For a Neat Serviceable Business Suit that will Wear Well and be Satisfactory in Every Respect

It may seem improbable to you that any store can offer a good, dependable suit of clothes at so low a price as $10.95, these days, when market prices on everything are so high. But don't judge these suits by the price—it is very misleading. Judge rather, rather, by the $15, the $17.50 and even the $18 suits offered elsewhere, and even then you won't quite realize their splendid merits.

They are absolutely all wool—every thread of themand were made by the best and most renowned clothes-makers in the land—Hackett, Carhart, Co., of New York. They come in both single and double breasted models in the fashionable grays of striped, checked and plaid design. We guarantee them to hold their shape, wear well and give splendid satisfaction in every way. Every salaried man in town should have one for an every-day business suit.

They're the most remarkable clothing values ever offered in this city. Our special price $10.95

NEW SPRING SHIRTS

We have secured our spring shipment of Monarch and Cluett Shirts and they are already selling fast. The patterns are about as "nifty" as any we have ever seen. They include neat designs in stripes, plaids and checks. Plain or pleated bosoms ..... $1.25 to $2.00

REVERSIBLE SILK FOUR-IN-HAND TIES

Never such neckwear at the price. They have an undeniable 75c look. In fact they are made in the reversible style from the finest silks in the swellest designs and richest colorings.

Men's Fine, High-grade Summer Underwear, Shirts, Half Hose, Neckwear, and Whate'er Good Dressers May Require

VERY FINE IMPORTED SILK LISLE UNDERWEAR for hot weather wear. Shirts made coat style with button front and half length sleeves. Drawers knee length. Price $1.25

VENTILATED AMERICAN SILK in a delicate shade of pink in handsome lace striped patterns. Price ..... $2.00 per garment

MEN'S NATURAL GAUZE WOOL UNDERWEAR. Cool, comfortable underwear for the man who wears wool the year around. Price ..... $1.50 a garment

MEN'S NATURAL HONEYCOMB MESH UNDERWEAR, sanitary, cool and comfortable. Price ..... 50c a garment

FINE HIGH GRADE MERCERIZED LISLE UNDERWEAR, pure white, blue or a delicate shade of pink. Has the appearance of silk and feels like it. Plain ribbed at $1.25

IMPORTED FRENCH LISLE UNDERWEAR, the most elegant and luxurious that money can buy. Per garment $6.00

NIGHT ROBES AND PAJAMAS—A swell new lot just in. They are made from fine soft long cloth, French chambrays, dimities and pongee silk in plain white and fancy colors, fancily trimmed. The most fastidious men cannot but be suited

50c SOCKS AT 25c—Another big new lot of those fine cotton and silk lisle half hose for men in plain black and tan and fancy patterns. You'll find many a 50c value amongst them. Special 25c

Fine Spring Footwear for Men

The new styles in Men's Shoes and Oxfords for Spring are all that could be desired by careful dressers. All the newest lasts—tan or black ..... $3.50 to $5.00

Gray, Reid Wright Co.

Stylish Spring Hats for Men, $3.50

You will be surprised at the quality and style in these Hats. Were it not for the trade-mark you could scarcely tell them from the $5.00 makes.

BOSS COX TALKS ON THE OHIO POLITICAL ROW

HE SAYS DIVORCE THE CITY AND NATION'S FIGHTS.

Cincinnati More Important in His Eyes Than Either the State or Federal Election—Practical Politics by a Noted Practical Politician.

CINCINNATI, May 3—National and municipal politics must not conflict, according to the advice given today by George B. Cox, whose retirement as Hamilton county leader was announced more than a year ago after several years of successful leadership. He said today:

"In the coming municipal election the Taft-Foraker fight must have no part. If it does, it might mean the defeat of the Republican party. Separate the two issues, settle the one before taking up the other.

"Never before in the history of this city has Ohio had two presidential candidates and this situation calls for the splitting of issues. We have a mayor to elect. My idea is that we ought to get this off our hands before taking up the national proposition. Suppose, just for the sake of argument, we unite the municipal and national issues. Supose the Hamilton county organization indorses Taft. The probability is that the Foraker bunch would bolt and the municipal election might be lost for the sake of something that can be done as well by a different method.

"The only way to carry out both successfully is to get the city election of four hands. Then we can take up the other."

As a statement credited to him while in the east, that the Republican organization in Hamilton county was against Taft he said:

"I cannot pretend to say whether Foraker or Taft will get the support of the organization."

STRUCK BY A TRAIN

Patrick O'Connell was struck by a Southern Pacific train Thursday night while walking from Sparks to Reno, and his leg fractured. O'Connell was hurled from the rails to the ditch beside the track. The injuries were treated at the Southern Pacific depot and the victim of the accident was then removed to the county hospital. O'Connell was working at Palisade. He is fifty years of age.

THE LABOR SITUATION.

The labor situation remains unchanged and the present outlook is not very favorable for an early settlement of the controversy between the building contractors and the men who are out. The latter assert that they will not go back under the old wage schedule even if they have to leave town in order to secure work. The bosses for their part declare that the men have until Monday to return to work, and upon their failure to show up then, they will find other men to take their places.

The Woman's Guild of the Episcopal church will give a pastry sale when refreshments will also be served at the Parish House on Saturday afternoon, May 4th, at two o'clock. 12

ELKO'S BRIGHT GIRLS DEFEAT THE RENO HIGH

Clever Basketball Game at the University Gymnasium Last Night Which Proved Too Much for Home Team

Elko high school basketball players defated the Reno aggregation last night by a score of 16 to 14. The game was played in the University of Nevada gymnasium, and a crowd of 300 attended.

The local players did not have a chance from the start. Notwithstanding brilliant work, and heady management, the Reno Highs seemed to fall down at critical times.

The score at the end of the first half was 7 to 9, in favor of the visitors. Scores on penalties were infrequent, the fouls being few. The contest was fast and snappy.

Carson Pays Dear for Uncovered Ditch

Mrs. Teresa Barnes, who sued Carson City for $5,000 damages for injuries incurred by falling into an unprotected ditch, was awarded the full amount by a jury yesterday. The case was heard before Judge Orr of Reno. The jury deliberated but a few minutes.

Mrs. Barnes was returning home from an entertainment here several months ago, when she fell into the ditch. She sustained injuries that, she claims, will render her an invalid for life.

Carson River Claims Another Victim

Joseph Quilici, an Italian farmer, was drowned yesterday near Dayton while attempting to ford the Carson river. John Pagenelli was swept down the stream with the flood, but he escaped death by catching hold of the wagon.

Quilici's body was not recovered.

The men were driving across the Carson river at Dayton where the bridge was being replaced. When in the middle of the stream the raging current caught the horses, and lifting them off their feet, carried all into a deep hole.

He Is Judge O'Brien of Tonopah Now

CARSON CITY, May 3.—Governor Sparks today appointed J. P. O'Brien judge of the fifth district, vice Peter Breen, resigned. Judge Breen was reappointed to the bench in the third district. These changes were made under the new law creating six judicial districts in Nevada.

Judge O'Brien practised law in California for twenty years and is an authority on the mining statutes, both state and federal. He resided at Sonora, Tuolumne county, for some years, where he was chairman of the Democratic county central committee. He is a native of California, is a graduate of Hasting's Law College, University of California ,and is forty-two years old.

Telephones All Are Silent at the Bay

SAN FRANCISCO. May 3.—This city is tonight practically without service as the result of a strike declared by the telephone girls of the Pacific States Telephone & Telegraph Company, which went into effect at seven o'clock this morning. At that hour between 575 and 600 girls left their switchboards to enforce a recognition of their newly organized Telephone Operators Union and a demand for increased wages.

For the first time since the system was installed here, the ever handy telephone was not available for conversation and the commercial life of the city was seriously embarrassed in the transaction of business.

The company impressed its clerks, stenographers and other employes as operators and with a number of hello girls who had remained loyal, maintained a very badly crippled service during the day. An effort was made to keep the principal, main, emergency and long distance lines open and even City Manager W. J. Phillips took a turn at the switchboard.

Tonight, however, the service of the city was almost entirely suspended. A number of student operators and the girls who remained loyal to the company refused to work during the night. Notwithstanding the statement of President Scott that thirty per cent of the girls remained loyal to the company only twenty operators are said to be at the switchboard of the Franklin street exchange, the only exchange open tonight.

There are rumors that the company will bring several hundred girls from Los Angeles, Portland and other cities but these cannot be verified and are discredited by the operators union. The girls, supported by the labor council, express themselves as confident of winning.

NEW CITY HALL WAS ACCEPTED LAST NIGHT

Council Takes Action After Receiving Official Recommendation of Architect Curtis and Allow Demands, Some of Which, However, Were Cut Down

The new city hall was formally accepted last night by the city council at an adjourned meeting held in the office of the city engineer. The following claims in connection therewith were allowed: M. J. Curtis, for services as architect, $500; Grey & Birkel, for wiring, $222.91; Self & Sellman, for concrete steps, $32, and the same firm, in final payment, $10,636.40. It will be noted that the bills for wiring and for the steps were considerably cut, as predicted that they would be.

The acceptance of the building was unanimously agreed upon after the reading of a communication from Architect Curtis, whose letter follows:

To the Mayor and City Council—Gentlemen: I beg leave to report to your honorable body the exact condition of the new city hall.

Your contractors, Messrs. Self & Sellman, have nearly completed the same, though there are some things yet to be done, the touching up of various places, which is more difficult to enumerate than to submit to personal examination of the premises.

The contractors, in the main, have done a very goo dand thorough piece of work, which does them great credit. The tower is not completed; there should be four large frames placed in this tower, as per detail, to place the clock in, and as the work of placing these frames and clocks is not included in these specifications, your contractors, Self & Sellman, cannot be expected to do this work without an agreed separate price, as per the original contract.

The building may be accepted this day by your honorable body, subject to the completion of a few small items, to be agreed upon with the contractors, after a personal inspection of the building by your honorable body. Respectfully,

M. J. CURTIS, Architect.

Sprinkling the Streets to Begin Again Next Monday

The power of the press was emphatically emphasized last night at the meeting of the city council. The people of Reno have been long-suffering and very patient in a good many things, but this forebearance has of late been breaking its bounds because of the neglect of the council to provide for street sprinkling. The wind has been very active lately and the dust has been swirling in the air in a blinding, all-penetrating form, which has been not only extremely disagreeable, but to no small exetnt ruinous to clothes and merchandise.

It was left to the Journal to point out this condition, to the solons in the council.

Last night Mayor Wilson suggested that something be done about the dust without delay. There was some discussion as to where the water supply was to be gotten. Councilman Newmarker thought that the fire hydrants might be used. This was opposed by Councilman Quinn, who hardly thought that the fire department would stand for it.

Mayor Wilson agreed that the use of the fire hydrants would not be advisable, as it might wear out the plugs and endanger their readiness for use in case of fire.

Newmarker was for just as urgent aciton as the mayor. Said he: "I thinks we had better do something right away since the Journal has taken the matter up. Let's order the carts out for Monday, and let the new council take care of the water supply."

The grimace on the face of R. H. Kinney, the old hold-over member of the council, was worth studying at this moment. It was finally decided to authorize the street committee to get the two sprinklers started out early Monday morning.

Street Signs.

The matter of street signs came up before the city council last night, when Mr. James of James & Shaver offered some suggestions relative to some changes in the original specifications prepared by the council. The suggestions were favorably received and will be embodied in the bid by this firm. As soon as this is done the work of manufacturing the posts and signs and the placing of them will be commenced.

The Dumping Grounds.

This forenoon the city council will enjoy a free ride in the patrol wagon to the city dumping grounds. Some means will be devised for the disposal of garbage that won't inflict a nuisance upon thes living close to the plot at present used.

SAD DEATH OF THE YOUNG AND LOVED DAUGHTER OF MRS. M'KISSICK

After an illness of six weeks, Miss Myrtle Marie McKissick, daughter of Mrs. H. B. McKissick, died yesterday morning at three o'clock. Typhoid fever was the cause of the illness. The funeral will be held Sunday afternoon at one o'clock. The services will be held in the Episcopal church.

Miss McKissick was a favorite with her companions. She was a brilliant student of the Reno schools until sickness prevented attendance.

DON'T DIE AT 45.

Cure the Indigestion Which Is So Liable to Lead to Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleepliness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion is the guarantee that the Cann Drug Company give with every 50-cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantee like this must inspire confidence in Mi-o-na. The Cann Drug Company take the whole risk and the remedy will not cost you a penny unless it cures.

AGITATORS NOT WELCOME GUESTS AGAIN AT GOLDFIELD

Arrivals here from Goldfield say it is unfortunate for the labor situation that the agitators, arrested recently for complicity in the murder of John Silva, should be taken back to the camp for trial. The business men believe that when some of the men are released from jail they will make it a point to resume the agitation, and that little can be accomplished until the leaders are deported.

Vincent St. John, Donnelly, and the others were taken to Hawthorne when arrested the first time, but with the removal of the courthouse they have been taken back.

MYSTIC SHRINERS FURNISH MUSIC TO NEVADA ON THEIR WAY

TONOPAH NOBLES FOOT THE BILL FOR MELODY.

Special Train Stops at Towns and Noted Band Plays Popular Airs That Please the People—Whom the Party Consists Of.

Residents of Carlin, Elko and Winnemucca were entertained yesterday by the Boston & Montana band, accompanying Algeria Temple, Mystic Shriners of Butte on their special train through the state. The band was taken with the party, all its expenses being paid by two wealthy mining men of Tonopah, who are members of the Butte temple. Including the wives and lady friends of the Shriners, there were 103 members of the order on the train.

Trainmaster W. J. Stinson of Sparks met the special train at Carlin, relieving E. L. Luty, who brought the party out from Ogden. People of the railroad division town turned out in crowds to hear the band play and greet the visitors on the train. A baggage car of refreshments was attached to the passenger coaches, and all who went to the train were invited to help themselves.

J. B. Gallagher, a former resident of Elko, who is now manager of the Amalgamated Copper Company's property at Butte, conducted the ceremonies when the band was called out at Elko. Again at Winnemucca a stop was made, and 700 people witnessed the celebration of the Shriners' visit to Nevada.

Trainmaster Stinson went with the special until Hazen was reached, where he turned the party over to the Nevada & California. Everyone on the cars was pleased with the reception given them and said a railroad never extended them more courteous treatment. The train will be sent through Goldfield and over the Bullfrog road to the Salt Lake route with Los Angeles as the destination.

The train was composed of two baggage cars, a diner and four sleepers. The band was composed of thirty-six pieces. The following Shriners from Butte were on the train: M. Matson, H. B. Hoyt, H. Hanson, L. Henderson, H. Mentzer, James Wenter, A. F. Hovey, M. Bassetto, Burr Fisher, L. B. Legotte, B. E. Calkins, J. M. McQueeney, H. M. Parchen, M. Gluis, T. H. Casey, T. A. John, C. E. Boebe, C. T. Henderson, W. G. Jackson, G. D. Moore, J. P. Chestnut, J. R. Reinhart, J. B. Gallagher, George W. Mikels, C. J. Carter, C. A. Rose, J. B. Bordeux, M. J. Remfils, M. Deckstrom, J. D. Mendenhall, C. G. Ault, H. S. Clark, H. C. Smith, F. R. Fisher and H. O. Wilson.

DARBY DESERTED BY HIS WIFE, SO SUES FOR DIVORCE

Arthur K. Darby has tired of the cares of matrimony, especially as he alleges in a complaint filed with the county clerk yesterday, when a wife does not accompany the other obligations of the bond.

The couple were married in Columbus, Ohio, in 1890, and under the allegations contained in the complaint, the wife, Hattie M. Darby, has absented herself from her liege lord, without cause or provocation, based upon justice, for a long time past, and has steadfastly refused to return, if to make up, and the plaintiff therefore asks the district court to sever the bonds which have failed to bind.

CLEAN-UP DAY WAS A STARTER ANYHOW

Reno Has a Neater Look This Morning as Result of Work Superintended Yesterday by the Ladies of the Twentieth Century Club

Yesterday the ladies of Reno, especially the ladies of the Century club, covered themselves with dust and glory. They did other things, they covered other people with dust, and a certain amount of the reflected glory and they cleaned the city in a way it has never before been cleaned.

It is very true that the cleaning did not extend to as complet and acute a stage as had been planned; but, nevertheless, the fact remains that they did their best, and that means a great deal when it is remembered that the ladies were members of the eCntury Club, and that they undertook to clean the city of all the rubbish the allotted teams could haul away to the dumps. The only reason there is any dirt of any sort left in Reno is owing to the fact that more teams could not be procured to remove it.

The ladies were not so well seconded in their efforts as they should have been, but they feel that they have made a beginning, and that the result has shown what could be done by a little energetic work, and that next year this will be remembered and more will be accomplished.

Last year the work was planned but owing to the confusion into which all plans were thrown by the San Francisco disaster, no work was attempted when the day came, so that this is really the first year that the matter of cleaning the city has really been attempted.

A few places of business actually made noticeable attempts to second the club in its efforts, by cleaning up their own premises, and the most noticeable of these is the big window of Hibbard & Turner on Commercial Row, which shines in all the luster of a thorough washing, in the course of which the man behind the chamois did not spare the elbow-grease.

NEXT WINTER MAY FIND COAL AS SCARCE AS LAST

"Order your coal now for next winter," is the tip that is being passed around by the railroad officials arriving here. W. L. Wileing of Salt Lake stated yesterday that the shortage of cars and motive power that hampered traffic at needed times will be worse even during the coming cold season. He said that coal should be purchased now, and then, when the shortage is on, the cheerless homes will be made bright.

"Traffic conditions are improving now," said Wileing, "but it is a safe prediction to say that when the famine comes next winter relief will be more difficult to procure."

DEFINITE LOCATION AS TO JUST WHERE THEY WERE "AT"

W. L. Wileing traveling freight agent for the Northwestern railroad, was riding on the Denver & Rio Grande a few days ago. On the train was the usual inquisitive old maid. The dining car was packed, and none of the employes had time just then to answer questions.

But, suddenly seeing a sagebrush-covered mountain looming off to the right, with a level expanse of desert intervening, the lady passenger stopped a busy waiter and asked: "What mountain is that; where are we now, waiter?"

The negro straightened under his tray with a mock attitude of courtesy, and replied, "Just around here; just around here."

Girls Wanted

Girls wanted to fold and wrap newspapers every Saturday; 25 cents per hour. Apply today (Saturday) at the Journal office.

Closing Out Sale.

Commencing on May 1 and continuing for fourteen days, I will sell my entire stock of groceries at cost, also all store fixtures, as I intend to engage in another line of business. This is an opportunity for the housewives of Reno to get a supply of first-class groceries. M. J. KIELY, 340 North Virginia St., Phone Main 626. m-1-tf.

DO YOU WANT A COUNTRY HOME?

We have for sale a tract of about ten acres of land one mile south of the City Limits of Reno. It is high ground and has a beautiful view of the city and country. There is a fine orchard, penty of shade trees and an abundance of water for all purposes. The improvements are nominal. We would like the opportunity of showing you this property.

The Price is $8,000

A Warning to Reno

THE VERDICT of a Carson City jury in favor of Mrs. Barnes yesterday for heavy damages against the city, owing to injuries received through the municipal neglect to cover a ditch, should give cold chills to a city not a thousand miles from Reno.

Has anything been done that you have noticed towards covering Bloody Ditch over? Has there been placed any guard against falling into the ditch on Second, beyond Ralston, on a dark night? In short, are the ditches of Reno in such a condition that it might not cost another Mrs. Barnes a broken arm or internal injuries and the city some $5000 damages.

We have a new city hall. It is well. Now let us have decent streets and covered ditches. When will the municipal government learn that Reno is no longer a village and that cowpaths, however picturesque they may be, are not fit for city streets?

More Favor for Wood

FRIENDSHIP for General Leonard Wood, M. D., goes to great lengths when President Roosevelt gives the doctor the most coveted command in the army, that of Governor's Island. Such an outrageous piece of favoritism ought to receive the denunciation of the entire public.

To turn over the department of the Atlantic to Wood, a man without military training and who never has displayed any fitness for command, is to invite the severe criticism of those foreign censors to whose words Roosevelt appears to be so sensitive. Imagine a great army of any other nation, the principal post in which is held by a doctor of medicine.

Whatever a Harvard degree may mean to Roosevelts, the American people will never think Harvard's M. D. '84, or the LL. D. '99, backed by an LL. D. of Williams '02 and an LL. D. of Pennsylvania '07, is the equivalent of the years of military education that a division commander ought to possess. Sheepskins do not make up for the campaigns that Wood has missed, and they never can.

But Roosevelt sticks to his medical friend and probably will continue to do so, though every promotion given to the physician is a slap in the face of the entire military establishment.

The Punjaub Riot

THE RIOT in the Punjaub referred to in a dispatch in another column today goes to confirm the views expressed in the Journal last week as to the serious character of the threatened uprising in India against foreign domination.

In itself, the affair is a trifle—a few hurt and many hustled around. But the facts make it appear that this disturbance was simply a symptom of the general unrest. Then, too, the pork stories are being whispered, just as they were before the Mutiny.

The story is told that last February an English officer shot a Moslem soldier for refusing to carry the carcass of a hog. Those who do not understand the abhorrence of Mohammed's disciples for anything like hogflesh are likely to attach too little importance to such a piece of gossip. But among the untutored natives of India anything of that kind is ardently seized upon and the rumor is spread in all directions. The trouble is that the natives believe anything ill of the English, in which they are to a certain extent warranted by the cold-blooded way in which the average Briton overrides Indian prejudices.

Now here is the coincidence: Just before the terrible events of over half a century ago, a story was circulated in all India that the cartridge, which the soldiers then had to bite to enable it to enter the gunfi had been covered with hog-fat instead of with vegetable wax, and every Moslem soldier would have to commit a deadly sin against his faith every time he was ordered to load his musket. Of course it was untrue. So was the tale at Lahore in February of the officer shooting the soldier for refusing to carry a hog. But truth or falsity cuts no figure in the eyes of the agitator or his ready listener.

The Indian insurrectionist proceeds on the principle laid down by Aristotle—prefer an impossibility that seems probable to a possibility that seems improbable.

The English newspapers attach much importance to their correspondents' statements that the "vast mass of the Mohammedans are not in sympathy with the anti-foreign movement," to quote the London Telegraph. But they are building on sand. The "vast mass of the Mohammedans" form an unknown quantity to self-satisfied Britons. The only glance that the European ever gets of the real Moslem is through a veil of blood.

The Cuban Affair

WHILE Governor Magoon was telling the president that the attack by the Santiago police upon the American seamen was not an indication of public feeling against Americans, the Santiago newspapers of all political parties, were unanimous in denouncing the forces of the "intervening government," as they call the United States.

Probably the sailors are high-handed—a trifle arrogant, without doubt, as they usually are in the countries where the Spanish have left their language. The American sailor hates a Spaniard and all who speak in Spanish accents, as he does the Filipino. And the latter, as everybody ought to know, he calls "nigger." He has a large contempt for the South American, Central American, Mexican, Cuban and all their kin, and, on occasion, especially when he has been drinking a bit, as he usually has when on shore leave, he seeks a chance to show it.

It is so with the English sailors, as well as the Americans. So the Britton and the American are cordially hated in Europe, in Asia and wherever English is not the native tongue.

That, as for the Cubans, the ungrateful beggars would not hesitate a moment to cut an American throat. Indeed, they would relish the task.

Can't Stop Teddy

"NATIONAL and municipal politics must not conflict," says Boss Cox of Cincinnati. Dear Cox, who are you, anyway? Have you not heard from Washington and what was the White House megaphone saying when it threw you out of power last year—when it sent Taft out to Ohio and he told the people that he would rather vote for a Democrat than for one of your candidates?

Theodore Rosevelt has decreed that the president of the United States shall interfere in state and municipal politics whenever he shall so decide. It is nothing to him, whether the city be New York or Chicago, or the state be Oregon or Delaware. He is going to have his say, whether the public considers it in bad taste or not.

That there is danger to American institutions when the head of the federal government meddles in local affairs is agreed on every hand, but Roosevelt has no respect for any one who may disagree with him.

"I am Sir Oracle," says he, "and when I ope my lips to speak, let no dog bark." A trite quotation, to be sure, but well-worn as it is, it hits the mark in this case as nothing else would.

TO THE city council "our gratulations flow in streams unbounded." The council's decision to sprinkle the streets comes a trifle late, to be sure, but, even if the rain did come first, it was simply an earnest, probably, of what the sprinkling carts will do when they shall be set at work next week. We cannot depend on a rain every night, you know. So let the cart keep at it.

RENO'S girls will have to learn to play basketball. We do not want to hurt the feelings of the bright students, but they have hurt ours. Here the San Jose Normal wiped the earth with the University team and now Elko repeats the trick with the Reno High. Now, girls, what IS the matter?

GUNTER-CURTIS.

Miss Grace L. Curtis and Frank S. Gunter were married Wednesday evening at the home of the bride's parents on Nevada street, the Rev. Mr. Sawin of the Baptist church officiating. Lauce Curtis acted as best man and Miss Zoe V. Sistner was bride's maid. The young couple will reside at Sparks, where the groom is manager of the Raines Mercantile store.

DEATHS.

M'KISSICK—In this city, May 3, 1907, Myrtle M. McKissick, a native of Nevada, aged fourteen years, one month and twenty-seven days.

The funeral will be held from the Episcopal church at 1:30 o'clock tomorrow afternoon.

FREY—In this city, May 3, 1907, Lottie B. Frey, a native of Nevada, aged twenty-six years, two months, eleven days.

Remains will be shipped to Genoa, Nevada for interment today.

IN AND ABOUT TOWN

H. H. Clark, otherwise known pretty much all over the coast as the "Bullfrog king," was a passenger on one of the east bound trains yesterday from California.

Clark, whose reputation dates from almost the time the first stakes were driven in the Bullfrog district, by his partner, Ladd, of Lovelock, was on his way to Ramsey, where he also has interests of considerable magnitude.

H. H. Clark is one of the many men to find the rise of their prosperity in the southern camps, and while he believes in taking chances, well knowing that no man has ever made good to any great extent in the mining business who did not take chances, is still too good a business man not to reduce the chances against him to the minimum, and his rise in the mining world has been steady and comparatively certain in consequence.

In speaking to a Journal reporter yesterday, while waiting for his train, he said that while he liked the mining business, he wished some way could be devised whereby a man could work a part of the time and have a little leisure in which to make the acquaintance of his family without going to Europe.

"I am operating in California, Arizona and Nevada, now," he said, "and I manage to get home for about thirty-six hours once a month, if I am lucky.

"There are no harder workers anywhere than the men who follow mining. Men come to the mining investor from all quarters of the country with mining propositions, and such a large percentage of these are so good looking on their face, that there is practically no option in the matter than to go and examine the properties, and the result is that the man is away from home all the time, and what rest he gets, he learns to take in Pullman cars, or under a sagebrush, as the case may be."

State Senator T. L. Oddie was a passenger for Tonopah last night, having just returned from the Seven Troughs country, where he has been on a trip of general inspection, and returned to this city to attend to some business in connection with Seven Troughs interests before returning to Tonopah.

"I did not stop in the Seven Troughs district long enough to know as much about it as I do about other parts of the country," he said, "but from what I saw I have formed the belief that it is a great district, and that it will cut quite a large figure in Nevada mining history before it is very old.

"There are certainly some very fine showings there, considering the amount of work that has been done, and the short lengths of time which has elapsed since the first locations were made.

"Have no means of knowing anything about the boom which is talked of for that country during this summer, but should think that would depend largely upon the people themselves. If they develop their properties to a sufficient extent and can then make a showing in proportion to what they have now, the public will surely go into the district in large number."

Yesterday a large white automobile made its appearance on the streets, and attracted considerable attention from the public, as indeed it was entitled to, as it was a very handsome turnout.

The machine is of the Thomas Flyer build, 60 H. P., and the very latest pattern turned out this year. Its principal features, which differentiate it from other machines of the same make, are a straight axle and very high clearance.

The new machine is the property of the Nevada Wonder Mining Company, and is destined for company use, in connection with mining business, and for traffic between Fallon and Wonder.

William McMillan sits behind the wheel, and will guide the destinies of the desert ship, where there is, no doubt he will be as popular as he was when he passed out smiles and liquid refreshment to the perishing at Moana springs last summer.

In Memory of a Dear Friend

The death of Miss Lottie B. Frey, of Genoa, is chronicled in this morning's Journal.

In the sunny days of old, in the maytime of life, the writer first met Lottie Frey. She was a sweet little thing, as airy as a butterfly fluttering over a flower. She was as buoyant as a bubble and her musical laugh was as the echoes of the callings and shoutings of the elves in fairyland.

Years came and went on the great wheels of the seasons. The sprite that was a child of the sunshine and the ether, was gone. In her place had come a young lady, sweet, warm-hearted, affectionate, trusting. About her was an atmosphere of serenity, a halo of joy. She was one among us in the old town in Carson Valley. Her life was a part of the life of the dear old town.

We saw her often, on many perfect days. Her greeting was as the smile of the morning. Gladness encompassed her as a garment. Dark-cowled care hovered not near, but vanished and gave way to the sparkling spirits of the upper air.

Of course such a being had a world of friends. For all these she had a glad greeting, a warm pressure of the hand, a dancing delight of the eyes.

It would seem that such a one should live long in this world, to lighten the sadness and gloom, to make the rough places smooth. So many loved her and were glad because she lived. But alas, death has come and left his stillness on her golden hair.

The child of the joys, the daughter of mirth, the sister of the sunshine, has gone down into the heartbreaking hush of the grave. For them to whom she was a spirit of life and light and love, to the stricken mother, father, sister and brothers, it seems as if the light had gone out in a large lone room, leaving them in darkness and doubt as to their way.

While the mourners weep, the memory of their loved one will lighten their sorrow. "With the opening buds and the blossoms full-blown, 'neath the changing clouds and the changeless stars" we leave her, with tearful longing tugging at our hearts.

G. M. S.

Reno, May 3.

MRS. HUNTINGTON'S DEATH.

District Attorney Moran did not issue a complaint against Dr. De Haslea yesterday, although the members of the coroner's jury blamed the physician for the death of Mrs. Eddie Huntington. The official said yesterday that he will have to examine the evidence before asking for the arrest of the physician. He said it would be hard to convict the doctor with the evidence shown at the inquest. Moran says he is inclined to believe that since Dr. Wichmann was acquitted on a similar charge, it would be useless to try De Halsea.

BRIGHTENING THE COURTHOUSE

D. Dickey and John Richardson believe in the elevating influence of beautiful surroundings, to judge by the efforts they are making to improve the court house yards. Their latest stunt in landscape gardening consists of the preparation of a plot outside the sheriff's office for the planting of flowers and shrubbery. Dickey says he is going to have a little beauty spot to gladden the vision of all beholders.

THETA EPSILON TO EAT

Members of the Theta Epsilon sorority of the University of Nevada, are preparing for their annual breakfast that will be held the morning of Commencement Day. The breakfast will be held on the veranda of the Riverside hotel. Many of the alumnae are expected to be present.

The Luxury of One Age BECOMES A Necessity in the Next

The comfort of cooking and heating with gas is no longer a luxury--it is a necessity. The kitchen with soot, smoke, ashes and dirt to work in is a thing of the past. Its low cost of maintenance, cleanliness, safeness and great convenience make a gas range a necessity in every home.

Consider These Facts:

Do you care to carry fuel and ashes?

Is it pleasant to build the fires?

Do you like the task of splitting wood and kindling?

Do you think it is comfort to have your kitchen begrimed with soot, coal dust, and ashes?

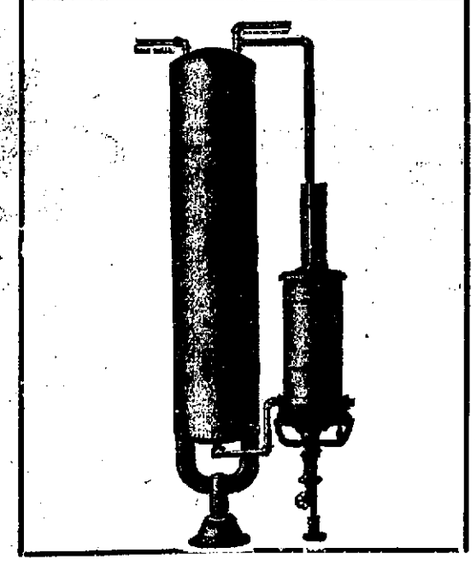

Is it pleasant to work in an atmosphere crowded with fumes and smoke?

Would you endanger your life and property by using gasoline?

Does your coal bill look too big?

Another Point

You can cook a food requiring a low heat and one requiring a greater heat on the same range when you use GAS.

We carry a complete line of gas ranges and heaters. We do the piping free. Get your order in now and avoid the rush which will come with summer. Come now while we can wait on you promptly. Use gas the year round.

The Reno Power, Light and Water Company

Phone 588 — 127 Virginia Street

WEBFOOTERS SHUT OUT THE SAN FRANCISCOS

SAN FRANCISCO, May 3—Portland manifested a liking for Hickey's curves today and in the first three innings gathered in all of the runs they scored in the game. Hickey was then replaced by Willis. For the visitors Schimpff was in shut-out form and got such excellent support that the locals piled up a row of ciphers. Score:

Portland	3	10	0
San Francisco	0	6	1

Schimpff and Donahue; Hickey, Willis and Esola.

LOS ANGELES, May 3.—Los Angeles won the lightest hitting game of the local season today, one to nothing. The game was won in the first inning when Los Angeles scored one run on two singles and a stolen base. Carnes held Oakland down to four scattered hits. Score:

Los Angeles	1	3	0
Oakland	0	4	1

Carnes and Eager; Wright and Bliss. Umpire—Derrick.

EMERYVILLE RACES

SAN FRANCISCO, May 3.—Long shots again figured prominently at Oakland today, Funnyside, Silver Line and Theodore Case being among the outsiders to land. The Amazon handicap over the futurity course resulted in a victory for the heavily played Toupee, while Native Son beat F. Neugent, the favorite, for the place. Results:

First race, futurity course, selling—Titus H won; Speaker Fontana second; Belle Reed third. Time 1:11 2-5.

Second race, mile and fifty yards—Funnyside won; Red Reynard second; Michael Mulvaney third. Time 1:44 4-5.

Third race, mile and half a furlong—Silver Line won; Fair Fagot second; Kogo third. Time 1:48 3-5.

Fourth race, the Amazon handicap, futurity course—Sandy won; Native Son second; F. Neugent third. Time 1:09 4-5.

Fifth race, mile and fifty yards, selling—Theodore Case won; Nebonassar second; John C. Graus third. Time 1:46.

Sixth race, seven furlongs—Bedford won; Ethel Day second; Judge Nelson third. Time 1:26 4-5.

TROPHY SHOOT

A team from Sparks will participate in the trophy shoot at Moana springs Sunday, because the Carson City gunners cannot be present. Members from the sporting club of Carson City will not come until the second Sunday in May.

MORAN REFUSES WARRANT

Confessing his guilt to the police, Frank White, who is seventeen years of age, lies in a cell at the city prison. District Attorney Moran refuses to issue a warrant charging White with plundering the Woman's Exchange on Second street. White says he stole $45 and some merchandise.

J. P. Rhodes, one of the proprietors, was sleeping in the store at the time of the theft early yesterday. Rhodes reported the theft to the police, and there found the robber had been caught and had confessed.

WOODBURY, N. J., May 3.—Swift justice was meted out today to Edward M. Edson, a negro who on Monday night last attacked Miss Dorothy Paris, nineteen years old, of Wenonah. Edson was sentenced to twelve years imprisonment and to pay a fine of $1,000. This is the extreme penalty.

BIRMINGHAM, Ala., May 3.—At Woodstock today Frank Richardson, a negro, shot and mortally wounded J. E. Sullivan, agent of the Alabama Great Southern Railway, and was shot and instantly killed by Sullivan. Sullivan died later. The men quarreled over the freight rate on some household goods.

TROOPS FOR PHILIPPINES

Thirteen carloads of cavalry passed through here yesterday on the way from Fort Russel, Wyo., to the Philippines.

A WATCH TRUST

WASHINGTON, May 3.—Charles E. Keene of New York, president of the Independent Watch Dealers Association, today conferred with Assistant District Attorney Purdy concerning an investigation which the department is making into the methods of the so-called "watch trust." Keene presented to Purdy, he said, evidence concerning the operations of the alleged watch trust. He asserted that American made watches could be purchased in various European countries for much less than they could be bought in this country.

JURORS TO KEEP HOUSE.

BOISE, Idaho, May 3.—The jury which will try William Haywood first of the accused in the Steunenberg case, will keep house during the trial. The law of Idaho provides that such juries shall be kept together and in seclusion.

DENVER, May 3.—John L. Routt, thrice governor of Colorado, was today declared by a jury appointed by the county court to inquire as to his sanity, to be "so insane and distracted in mind as to render him incapable of managing his estate."

YOUNG CORBETT KNOCKED OUT BY KID SULLIVAN

BALTIMORE, May 3.—"Kid" Sullivan of Washington tonight knocked out Young Corbett of Denver in the eleventh round. The match which was fought before the Eureka Athletic Club, was scheduled to go fifteen rounds.

In the rounds in which there was any particular advantage it was with Sullivan. Corbett showed that he was hurt as early as the second round and in the fifth Sullivan knocked him through the ropes. Corbett was then in bad shape, but managed to last until the bell. Again in the seventh round Corbett was driven through the ropes. In the tenth he went to the floor for the count, just before the end of the round.

In the eleventh Corbett was nearly exhausted. He was beaten around the ring when Sullivan landed a good right on the jaw and again Corbett went through the ropes, this time flat on his back with his head to the audience, where he lay while Referee Jack McGuigan counted him out. Corbett was carried to his corner and was not revived for many minutes.

JACK O'BRIEN THE FAVORITE OVER BURNS

LOS ANGELES, Cal., May 3.—Betting odds on the twenty round fight next Wednesday night between Jack O'Brien and Tommy Burns has shifted from even to ten to eight on O'Brien. It is predicted that by the time the fight is on, the odds will be ten to seven. Confidence in O'Brien as a ring general and in his ability as a fast and clever boxer has been the cause of the boost in the O'Brien sentiment. O'Brien's training work is of the spectacular sort and his training headquarters are crowded daily. Burns, on the other hand, is only a hard, persistent worker and his training work does not show to such advantage. Both, however, profess the greatest confidence in themselves and say they are in better condition than ever before.

EASTERN BASEBALL

American League—At Detroit: first game, Chicago 3, Detroit 4; second game, Chicago 1, Detroit 2. At Cleveland: St. Louis 10, Cleveland 4. At Philadelphia: New York 4, Philadelphia 3. At Washington: Washington 0, Boston 3.

National League—At Boston: Boston 6, Philadelphia 2. At New York: New York 1, Brooklyn 0.

WITCH ELM WINS CLASSIC EVENT IN BRITAIN

LONDON, May 3.—The One Thousand Guineas at Newmarket today was won by Witch Elms at 4 to 1. Frugality was second and Sixty was third. Seventeen horses started. The stakes are for three-year-old fillies, distance one mile.

Witch Elm, the favorite, took the lead early and won by three lengths in a canter.

MISS SUTTON A WINNER.

NEW YORK, May 3.—Miss May Sutton won the final of the tennis singles today defeating Mrs. Barger-Wallach who last year was runner up to Miss Helen Homans in the national championship tournament at Philadelphia. The California girl outclassed her opponent and won easily, 6-1, 6-2.

SCHRECK DEFEATS ROSS.

DAYTON, Ohio, May 3.—Mike Schreck of Reading, Ohio, won from Tony Ross of Newcastle, Pa., near this city tonight by a knockout in the thirteenth round.

Fraternal Brotherhood Attention

A special meeting will be held this evening at Kindergarten Hall to welcome Sister Emma R. Neidig, supreme vice president. All members of the order are cordially invited to attend.

NEW YORK, May 3.—William Cross, his wife and their two sons were found dead from inhaling illuminating gas in their home in Jersey City today. The family lived upon the top floor of a three-story house.

SANTO DOMINGO, May 3.—The new treaty between the United States and Santo Domingo, intended to replace the treaty which has been pending before the United States senate for the last two years, was ratified by the Dominican congress today.

GUATEMALA CITY, May 3.—Chief of Police Arlam, an American, has resigned and will return to the United States. The government paid him his salary for the time between now and the date his contract expires.

CHICAGO, May 3.—Miss Mary Sladek, whose parents recently died as the result of arsenical poisoning, was held today to the criminal court for trial. It is suspected that she mixed arsenic in the food prepared for the family. Four of her brothers also were poisoned, but recovered.

PARIS, May 3.—Captain J. Steedman of New York and Philadelphia, son of the late Rear Admiral Charles Steedman, committed suicide by shooting last night at the hotel DeL'Orient here.

COLUBUS, O., May 3. — Silas N. Field died today of Bright's disease. He had been either sergeant-at-arms or assistant at every Republican convention for the last quarter of a century.

SPOKANE BOY TIES THE FIFTY-YARD RECORD

SPOKANE, May 3.—George Rouse, a Spokane high school boy, yesterday broke the inter-scolastic record for the fifty yard dash and tied the world's amateur record by making the distance in 52-5 seconds at the big inter-scholastic meet being held at Walla Walla.

There are twenty-five schools in the meet and about 250 athletes are competing from the states of Washington, Idaho and Oregon.

THE FRISCO STRIKE SITUATION

SAN FRANCISCO, May 3.—Arbitration of the differences between employers and employes, as offered by the Metal Trades Association to the Iron Trades council, was rejected today at a meeting of representatives of eighteen unions. The reason given is that the men think the time for arbitration has passed and that accepting the offer would be doing an injustice to those firms which have granted the eight hour day.

There was no change today in the impending street car strike. While it is, still believed something may develop to avert a tie up on the United Railroads, but the car men and the company are standing firm and the situation generally is regarded as hopeless. With the telephone service badly crippled as a result of the strike of the telephone girls, it is recognized that a tie up of the street cars would seriously affect the business of the city. Both sides to the controversy today issued their usual statements reiterating their positions and seeking to enlist public sympathy.

The Woman's Guild of the Episcopal church will give a pastry sale when refreshments will also be served at the Parish House on Saturday afternoon, May 4th, at two o'clock. t2

Dr. Mouser Returned

HOW IT STICKS

Keno Has Found it Hard to Shake Off.

Hard to bear, harder to get rid of,
Is any itching skin complaint,
Eczema or Itching Piles.
Doan's Ointment relieves and cures,
All itchiness of the skin.

Charles Zeller, of 1608 Q street, Sacramento, Cal., says:

"For about a month on my shoulder there was a patch of eczema or some skin disease. I expected it to disappear as mysteriously as it came, but I was disappointed and noticing an advertisement about Doan's Ointment in one of our Sacramento papers I went to a drug store for a sample box. Before I finished it I knew it was killing the life and I purchased a 50-cent box. That stopped it absolutely. There has not been the slightest appearance of a recurrence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MOREY BELIEVES THAT NEVADA MINES ARE GREAT

MANY CAMPS SHOW GREAT DEGREE OF ACTIVITY.

R G Morey of Buffalo, New York Is Very Highly Pleased With the Phenomenal Showing in Many Promising Nevada Camps.

R G Morey representing the Carey Safe Company of Buffalo N Y has recently made a tour of the principal camps in Nevada and finds general conditions in the best possible shape Aggressive mining is being advanced to such an extent that the bullion output will of necessity be greatly increased and very probably will at an early date reach the annual output of $100 000 000

While Mr Morey was on his tour he devoted some attention to the mining statistic and development operations in the interest of Buffalo friends and he had no hesitation in saying that it is the most promising field for legitimate investment with the positive issue need of enormous returns

Two trips were made into Wonder and Fairview within the past three months and in the new camp of Wonder remarkable changes were noted great developments have been made and extensive ore bodies blocked out on the Jackpot Wasp and Hercules estates and these great properties were making ready for huge shipments

Fairview is very promising and there are twelve shipping mines and five others sacking preparatory to making shipments in the early date Among these now shipping are the Nevada Hills Eagles Nest and the two Dromedary Hump At the Nevada Hills 600 sacks of enormously high grade ore is ready sacked for shipment and a number of other properties would be making shipments if that portion of the facilities would permit it

Manhattan makes quite a different showing than it did a year ago for this camp was developed principally by San Francisco money and the earthquake in that city of necessity unsettled financial conditions in Manhattan but to-day under the better San Francisco influences all conditions pending at Manhattan mining interests and larger scale operations are being advanced commensurate with the great showing of rich ores in this wonderful district and no doubt this section will be among the big producing camps of the state

The new camp of Bullfrog is only three months old yet there is more push in evidence both in buildings and in general air of prosperity than in any camp in the state Grant Crumley of Tonopah has constructed a $10,000 hotel which is complete in every respect and will favorably compare with the best hotels in Reno The Pittsburg Silver Peak people whose large estate consists of the very valuable Blair property have a large force of men at work in the mine and also in constructing the new mill The pipe line which will furnish water for the operations of the corporation will be in running order within a short time There are thirty stamp mills a total of 30 stamps being installed at Blair as rapidly as possible

At Beatty and Rhyolite there is great activity owing to the recent advent of railroad transportation and a great many mines are in active operation While grading in the streets of Beatty every stamp mill carrying good values was closed and at the Montgomery Shoshone the new stamp mill is in operation and the extensive operations on this property are being advanced Four stamp mills are to be erected in this vicinity within a very short time John S Cook & Company bankers are erecting a large building which will be occupied by this firm in a very short time

In the southern part of the state everybody is skidding toward Skidoo which certainly is a hustling town everybody busy and everybody making money The surface showing was remarkably good originally and when depth has been attained good values have been found and regular shipments from this section are positively assured

At Bishop is located the large power plant which furnishes electrical power to Tonopah and Goldfield and the principal mining operations in this section are being advanced by the Black Canyon Mining Company, of which M T Stovall is secretary This is certainly a very promising property and panning of the ore made by R Morey personally showed a great string of gold in the pannings Certainly the ore is very rich

Big Pine is truly a homelike town for everybody is comfortably located all have money and the townsite itself is an ideal one During one day there no less than seven different outfits loaded up for Ubehebe district where very extensive mining operations are being advanced on the great copper zone trending through that region

Around Mina there is a remarkable mining region carrying silver gold and copper and the properties are being actively developed to such an extent that Mina is quite a center for this mineral field

Yerington is a wonderful copper camp the ores being remarkably high grade on the surface and the veins in width being something phenomenal In the Lyon county bank there is the most elegant specimen showing native copper this chunk of ore being about four feet wide four feet long and two feet high and is certainly a marvel Yerington only needs rail transportation to make it a great copper camp

Goldfield and Tonopah are very much better today than they ever were and the output of high grade material is daily on the increase Both of these towns are spending an enormous amount of money in large buildings and also are investing heavily in surrounding camps

SKOOKUM CAMP IS NOW IN LINE FOR ACTIVE OPERATIONS

PROMISING FISSURE VEINS IN SEVERAL PROPERTIES

Skookum, California, Gives Every Promise of a Large Gold Production for the Veins Are Rich and Strongly Defined.

Skookum California a section of Mono county about twenty miles north of Bishop is attracting attention which is greatly accentuated by recent exploration

In speaking of that section F W DeGroot describes it as a vast scope covering a strip of country five miles in width by forty miles in length and he expresses surprise that a region so thoroughly mineralized should lie dormant and be entirely overlooked in these days of gold fevers and excitements This section is one of great promise and well merits earnest attention from mining men

The veins are true fissures and the formation being a very desirable one there is every evidence of many phenomenal discoveries The formation is granitic schist and porhyries which have a regular trend northerly and southerly and are so pronounced on the surface that they can be easily traced for many miles In places the andesite porphyries and rhyolites intersect the formation above suggested

Traversing and paralleling these intrusions are found the true fissure veins and are from a foot to fifty feet in width and in number are almost innumerable At times as many as seven of these veins are found within the lines of a location 600 feet wide by 1 500 feet in length and the values run from a few cents to several thousand dollars per ton The highest values are found in the tellurides which in depth seem to increase in value

The Casa Diablo mine which is owned by Professor Fohrman and associates of Chicago purchased as a mere prospect three years ago has been actively operated ever since and there is now more than 1 000 feet of tunnel upraise etc in which work is exposed strong veins carrying gold of average values of more than $20 per ton in gold and blocked out about half a million dollars worth of this class of material Assays have been had as high as $ 000 per ton

A large mill is nearly completed and a pipe line eight miles in length will furnish water power for electrical and milling purposes

South of the Casa Diablo is the Killian company's holdings which has the same characteristics as the Casa Diablo On this estate there is disclosed twenty-three strong ledges which have been opened up within twelve claims comprising the property of the corporation These veins are from one foot to fifteen feet in width carrying gold values of $20 per ton While only a limited amount of development has been done there is every indication that the strength and value of the shoots increase with depth About 97 per cent of the values in these ores can be secured by amalgamation and cyaniding

North of the Casa Diablo there is a wonderful mineralized territory where a number of active operators are doing much development among them Pendry and Stone The holdings of these men consist of eight claims and a mill site and there are intrusive dykes of andesite porphyry The ledges are very strongly defined and stand up a few degrees from the vertical with an east and west trend which is at right angles with the formation This proposition is now under bond at a large figure

In this section is the Bonanza group of ten claims, which carries gold with and also is located here the Keller group and several others which are being actively developed

This section lies four or five miles from this group held for the prospector

The town of Skookum has an ideal location close to Antelope Springs and twenty two miles north of Bishop and ten miles westerly from Hammil on the Carson & Nevada Railroad

QUICK TIME FROM RAMSEY.

A record breaking run was made yesterday by George Wendell Phillips in his private Italian car "Fiat" from Ramsey to this city In the car were Colonel Winfield Scott Proskay Julian W Little George Hafer Thomas Ramsey Augustus Hanson Mr Phillips and the latter's mechanic The party left Ramsey in the auto at 1 15 p m and arrived here at 4 46 p m The distance traveled in this time was thirty-nine miles fourteen miles from Ramsey to Clarks and twenty-five miles from Clarks to Reno The first fourteen miles is a new road and in awful condition and this was the first trip which a car has made over it

This party had been out to Ramsey for the purpose of looking over their mining interests in that district

RICH MINES HAVE BEEN LOCATED NORTHWEST OF CARLIN

PROPERTIES WILL BE EXTENSIELY OPERATED

Thirty-Six Claims Have Been Taken Over by Ole Elliott and Development Has Already Been Commenced on An Extensive Scale.

Much attention has recently been directed to an important find northwest of Carlin and a number of well known mining operators have visited that field among them M B Moore and Ole Elliott the latter gentleman being very favorably known in mining circles Elliott was sufficiently impressed with that section to at once purchase thirty-six claims and aggressive operations will be advanced at once and to that end a large force of men has already commenced work

Sensational values have been found in that sectio nand the lowest assay had was $56 per ton

In this section the leads are all blind for htere is positively no outcrop on the surface but the rich pannings had from surface dirt were sufficient to enlist the interest of Elliott to the extent indicated

Quite a number of men have visited the field and all appear to be well pleased with present disclosures and this section is in line for active development the present season

The district is only a short distance from Carlin on the main line of the Southern Pacific, and hence transportation is assured

This whole section seems to be covered with several feet of loose loam all of which pans well and it is probable that good placers could be extensively operated with the best result

ST. FRANCIS AND JACKPOT WILL BE ACTIVELY DEVELOPED

GOOD SURFACE VALUES ON BOTH THESE GROUPS

H. M Brown, Formerly of Tuscarora, Has Made an Important Discovery of Gold-Silver Ores North of Miller's Siding.

About two miles from Miller's station is a group of five claims carrying exceedingly high values on the surface owned by H M Brown A A Chappell and George W. Bechenau

While these are new locations the values run in the outcrop $36 per ton in gold, silver and copper This group is known as the St Francis and the vein is two feet wide and is stronger and better defined as depth is attained

Within two miles of this proposition there is a 100 stamp mill now in operation and a sixty stamp mill being constructed, which offer facilities for reducing the output from this property

The Jackpot group owned by the same people is four miles and a half from Miller's siding and the vein is in a granite contact and assay values have been had from the surface showing $12 58 $11 38 of which was gold The vein o nthe Jackpot is six feet wide and a crosscut tunnel is now being advanced to cut the vein at a depth of 112 feet below the apex of the zone Several other crosscuts have been run and the disclosures are satisfactory George Toombs of Reno is interested with H . Brown in this property

PERSONAL MENTION.

C D Porter a very prominent mining operator and who has large interests in Tonopah Goldfield Greenwater Manhattan and other districts, is in Reno direct from New York city

Burt L Smith, who is interested in Bullfrog is in the city Mr Smith is a bank in Eureka Elko, Manhattan and Bullfrog is in the city Mr Smith is associated with C D Porter in many of his mining ventures, notably those of Manhattan district and Greenwater

NOTICE

In the Second Judicial Court of the State of Nevada in and for the County of Washoe

The State of Nevada sends to Ada L Glasier greeting

You are hereby required to appear in an action commenced against you as defendant by Arthur B Glasier as plaintiff in the second Judicial District Court of the State of Nevada in and for the County of Washoe and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county or twenty days if served out of said county but within said district and in all other cases forty days or judgment by default will be taken against you according to the prayer of said complaint This action is brought to recover judgment against you dissolving the bonds of matrimony between you and the said Arthur B Glasier on the ground that you disregarding the solemnity of your marriage vow willfully and without cause deserted and abandoned the said Arthur B Glasier and ever since have and still continue so to willfully and without cause desert and abandon him and to live separate and apart from him without any sufficient cause or reason against his will and without his consent

All of which will more fully appear from the complaint which is on file in the office of the clerk of the said court at Reno in said county and to which you are especially referred And you are further notified that if you fail to appear and answer said complaint the said plaintiff will apply to the court for the relief demanded

In testimony whereof I have hereunto set my hand at Reno, this eighteenth day of April A D 1907

J B DIXON
Attorney for Plaintiff

THE MARKET FOR SILVER AND COPPER

Silver.
New York 65 5-8c
San Francisco 65 5-8c
London 30 5-16d
Copper.
New York Ex........ 25@25 1-2
Lead.
New York Ex.......... 6@6.05

Silver Quotations.

NEW YORK, May 3.—Bar silver 65 5-8c. Mexican dollars 50 1-2c.

SAN FRANCISCO, May 3.—Silver bars, 65 5-8c. Mexican dollars 51c.

LONDON, May 3.—Bar silver quiet, 30 5-16d.

The Metal Market.

NEW YORK, May 3.—The London tin market had a severe break according to today's cables, spot being about £2 lower at £192 and £189 for futures. Locally the market was easy in sympathy with spot, quoted at 42.15@42.40.

Copper was 10s higher in London with spot quoted at £105, 15s and futures at £104, 4s. Locally the market was steady, with Lake quoted at 25@25.50, electrolytic 24 37 1-2@24.75, casting, 23@23.50.

Lead was unchanged at 6@6.05 locally and at £19, 15s 6d in London.

Spelter was unchanged at £26 in London and at 6.50@6.60 in New York.

Iron was higher abroad, with standard foundry quoted at 59s 3d and Cleveland warrants at 59s 6d. Locally the market was unchanged.

THE EASTERN MARKETS

NEW YORK, May 3.—Prices of stocks started higher than last night and the dealings showed considerable animation. Pennsylvania and St. Paul and sugar rose 1 and Southern Pacific, Baltimore and Ohio, Amalgamated Copper and Anaconda large fractions.

Confidence in the course of the market was reflected in largely increased purchases, the demand being keen for the foremost railroad and industrial stocks, the pace at which the market advanced for the first half hour prompting realization, principally in Union Pacific, after which the activity lessened and a recovery ensued. The chief gains were Union Pacific preferred, St. Louis and San Francisco second preferred 1 1-2, Baltimore and Ohio, Canadian Pacific, Reading, Amalgamated and Smelting 1. The sag in prices carried them below last night for the active issues. The activity then died out.

Bonds were irregular. The decline was checked shortly after midday but there was no effort to put up prices.

Grain and Provisions.

CHICAGO, May 3.—The wheat market today opened active and strong owing to continued cold weather in the northwest and southwest. Killing frosts were reported in Iowa and Nebraska and the weather bureau predicted that they will occur again tonight. The demand at the opening was very strong. Later prices eased off on realizing sales and because of the failure of the Liverpool market to respond to yesterday's advance here. July opened a shade to 3-8@1-2c higher at 84 3-8c to 3-4c and sold at 91 1-8c.

Trading in corn was quiet but prices were firm in sympathy with wheat. July opened a shade to 3-8c higher at 50c to 50 1-4@3-4c, and declined to 50 1-8c.

The oats market was strong on a good demand which was based upon the cold weather in the west. July opened a shade to 1-2@5-8c higher at 43 to 43 1-2c.

The provisions market was very quiet. Lard and ribs were somewhat firmer than yesterday on a fair demand. July pork opened 2 1-2c lower at 15.92 1-2. Lard was up 2 1-2 at 8.85 and ribs were a shade higher at 8.77 1-2.

Chicago Live Stock.

CHICAGO, May 3.—Cattle—Receipts 1,500. Steady. Beeves, 4.25@6.40; cows, 1.80@4.50, heifers, 2.60@5.38; calves, 3.25@6; good to prime steers, 5.25@6.40; poor to medium 4.25@6.40; stockers and feeders 2.90@5.15.

Hogs—Receipts 19,000, shade higher. Light 6.15@6.55; mixed 6.35@6.60, heavy, 6.30@6.57 1-2; rough heavy, 6.15@6.32 1-2, pigs, 6@6.45, good to choice heavy, 6.40@6.52 1-2.

Sheep—Receipts 6,000, steady. Native and western, 4.40@6.80; yearlings, 6.75@7.75, lambs, 6.50@6.80; western, 6.50@8.70.

Prices for Wool

LONDON, May 3.—The offerings at wool auction sales today amounted to 15,645 bales. Bidding was active and all sections bought freely. Fine grades were firm and lower qualities are occasionally steadier. New South Wales greasies were in demand for Germany and superior scoured were taken by home buyers. Americans bought Tasmanian fine greasies at 1s 2d. New Zealand greasies first half breds at 1s 4 1-2d and first quarter bred at 1s 5d. They also bought several lots of good greasy lambs.

ST. LOUIS, May 3.—Wool steady, medium grades combing and clothing 23@26c, light fine 20@21c, heavy fine 15@17c, tub washed 29@37c.

I would like to correspond with some party or parties interested in dry gravel mining with a view of putting in operation a power machine for handling gravel in large quantities. Call on or address J. J. SKINNER, 31 East Plaza, Reno. m1-w.

BUFFALO RUNS WILD ON NEVADA DESERT

Goldfield Men Own the Brute but They Cannot Get Him into an Enclosure so as to Ship Him to the Zoological Gardens

Nevada has a buffalo that is running wild on the desert near Rhyolite. W. S. Bacon, a business associate of Captain Moody, Goldfield's first mayor, owns a one-half interest in the buffalo. The other half belongs to L. H. Jenkins, who is ill here of pneumonia. Bacon told of the purchase yesterday.

"The buffalo escaped from a traveling show on the Salt Lake railroad," said Bacon. "He was caught by a cowboy on the desert, and Lou Jenkins paid $500 for the beast. But, although we have owned the animal four months, we have never been able to get it within an enclosure to ship it to a zoo.

"Today I received a letter from Rhyolite telling of an attempt to lasso the buffalo, and the account says the saddle was pulled from the horse, and the rider hurt. The only water hole near Rhyolite is visited by the buffalo. 'We will have to build a trap there for the animal. When we catch him we will sell him to a museum.'"

Archbishop Glennon Writes Letter About the Cathedral

Archbishop John J. Glennon of St. Louis will not be present at the laying of the cornerstone of the cathedral here. He communicated yesterday with Father Tubman that numerous engagements prevent his coming to Reno. Father Tubman asked the noted prelate to make the principal address, an account of which was published in the Journal a few weeks ago. Following is the archbishop's letter:

Rev. Thomas M. Tubman, St. Mary's, Reno Nevada.

My Dear Father Tubman:

I received you very kind letter and am glad to hear that you are getting on so well. Your letter reminds me of old times, and I would gladly, on account of the past, as well as to be of some help to you in the future, go to your city for the cornerstone laying of your new church; but unfortunately the work here requires my constant attention. I have, for instance, an appointment for every day in June and have no one to assist me, consequently it is physically impossible for me to be with you, but I shall be with you in spirit and will watch with interest the progress of your work in Nevada.

With best wishes, I am, yours sincerely,

JOHN J. GLENNON,
Archbishop of St. Louis.

Books the Insane Like to Read

What kind of books would you select for patients of an insane asylum? Dr. Gibson, superintendent of the local hospital for mental diseases, has called on Librarian John Harrold Hamlin of the Carnegie library here to select a list of books. Hamlin struggled with the problem until twelve o'clock. Then he gave it up.

"Funny thing about the patients," said Dr. Gibson, "the inmates, with juvenile tastes for other things, demand the very heaviest reading. Biography, travel, philosophy, description and scientific subjects are called for by the insane. Strange as it may seem, the mathematically inclined desire intricate problems, and spend hours solving them. Astronomy is read, too. Some of the Greek students have memorized the Iliad. Gladden's 'Who Wrote the Bible?' is taken out by the religiously inclined, while church affairs generally are perused with great application."

Sells-Floto Shows' Poster Car

The advertising car of the Sells-Floto shows arrived in Reno yesterday and is now standing in the yards while its crew of eighteen men are putting posters about town and attending to the publicity end of the big circus which will be in Reno next Thursday and Friday.

This car, constructed especially for the Sells-Floto shows at a cost of $25,000, is the finest advance car of any circus in the world. It contains berths for eighteen men—there is no choice as all are upper berths, the lower portion of the car being taken up with tables for laying out posters and carrying $10,000 worth of advertising material. Fred McMann is the car manager and superintendent of bill posting and "Punch" Wheeler attends to the publicity end of the business. There is also a steam boiler in one end of the car which furnishes heat for the car and hot water for the pasre which is brewed five barrels at a time.

The animals of the Sells-Floto Shows are generally of the most interest. The hardiest and longest lived and most intelligent is said to be the elephant. Some of the largest of this show are used to push the heavy wagons and cages about the "lot" when the show is getting up.

One morning an elephant became enraged at his driver and wheeled quickly and struck at the man with his trunk. The beady eyes of the animal glistened as he trumpeted his anger. The keeper lashed the big brute with his whip and subdued him without any damage being done. Had the man been hit by the blow it would have killed him. When an elephant gets so bad that he is dangerous the owners have the animal killed, and a substitute takes his place, although the killing of an elephant means a loss of severa lthousand dollars.

MINING STOCK SUIT

Through his attorneys, Cheeney, Massey and Price, Captain Menardi yesterday filed a complaint against William Wacker and J. D. Snyder, in which it is alleged that the defendants came into the unlawful possession of certain mining stock, valued at $2000. This amount is asked for by the plaintiff, together with damages to the extent of $500.

WELLKNOWN PRIZE FIGHTER DIES STEALING A RIDE

"KID LEWIS" HAS HIS LEGS CUT OFF BY CAR

Was Formerly a Member of Company M, Twelfth United States Infantry Regiment and Was Honorably Discharged From Army

Known to the sporting world as "Kid Lewis," Michael Kramer, as he was really named, an unfortunate victim of brake-beam travel, died on the way from Pawnee, a small station on the line of the N. C. O. railroad, on Thursday night.

Kramer had been put off the top of a car shortly before this, and at Pawnee, he was trying to get to the brake-beam of a Pullman, when he slipped and the wheels cut his legs off.

At one time "Kid Lewis" was well known in the western sporting world, where he fought many battles as a pugilist. In 1900 he enlisted in company M, twelfth United States infantry and after three years service was given an honorable discharge.

He was twenty-six years old and leaves a father and brother in New York. An inquest will be held this morning.

ROOSEVELT HOSPITAL IS ATTACHED ON SUIT OF LOCAL FIRM

The affairs of the Roosevelt hospital seem not to have prospered exceedingly, nor its treasury to have waxed fat. Since the time of budding trees and springing grass, things have not seemed to go right, and several things have happened to disturb the peace and prosperity of the institution, culminating yesterday in the filing of a complaint against the hospital by Donnels and Steinmetz, in which is set forth the statement that on or about the 13th of last November, the hospital became indebted to the firm to the amount of $2764.45, and that of this amount $1000 had since been paid, and that amount is sought to be recovered by the action.

A writ of attachment was issued and served yesterday, against the lease held by the hospital, together with the furniture.

Card From Judge H. A. Waldo.

To the Citizens of Reno, Nevada:

I a ma candidate for Police Judge of the City of Reno, to be voted for at the city election to be held May 7th, 1907.

I want the office, or I would not be a candidate for it.

I have practiced law for forty-five years, and have been United States Commissioner for twenty years. The Government has found me capable of doing business for it, and I am just as capable of doing similar business for the City of Reno.

If I can get the Police Judgship for a term, it will be a Godsend to me, and I solicit your support and influence toward securing my election. Will you grant me this favor, please?

H. A. WALDO,
Reno, Nevada, May 1, 1907. m1t6

STUDENT BODY HOLDS A SPIRITED ELECTION

Frats Win Overwhelming Victory with Arthur Doane President, Mabel Reid Secretary, Silas Ross Treasurer and Hugh Gallagher Gridiron Manager

Arthur Doane	President
Jay Skinner	Vice-President
Mabel Reid	Secretary
Silas Ross	Treasurer
Hugh Gallagher	Football Manager
E. T. George	Baseball Manager
Mabel Miller	Basketball Manager
Lotus Kline	Track Manager
Walter Bidwell	Debating Manager
W. Reinkin	Yell Leader

That list gives you the result of one of the hottest elections ever held by the student body of the University of Nevada. Though the polls did not open until eleven o'clock yesterday forenoon, the campus was alive early in the morning with an enthusiastic electioneering crowd. Candidates and their lieutenants were doing some spirited work winning votes and the result was an unusually large polling, forty more votes being cast than were brought out last year, the total being 170.

The keenest contest was evidenced in the struggle for the offices of secretary, treasurer and football manager. For president, Arthur Doane, had practically a walkover over his opponent, Harold White, the former's election being almost a foregone conclusion. He got 124 votes to his opponent's fifty-four. The fight for secretary was close, Miss Reid receiving ninety-seven votes over Miss O'Neill's seenty-two. The successful contestant for treasurer's office won out with 107 votes to fifty-seven polled by Will Crane. Hugh Gallagher, who captured the much coveted honor of footbal manager, defeated his opponent, Frank Rush, with 121 against forty-five.

The fight throughout, lively and happening, was throughout good natured and there occurred no passages-of-arms except friendly ones. It was expected that there would be quite a battle waged between the frats and non-frat factions. The result of the election shows that the frats won an overwhelming victory, all but one of the successful candidates belonging to this party, the exception being E. T. George for baseball manager, who had no opposing candidate. The student body as a whole is greatly pleased with the result of the election, feeling satisfied that it has procured an excellent set of officers for the coming year.

Those who officiated at the election were: Louis Goldstein, judge; J. Carpenter and Fred Stewart, tellers; Dwight Leavitt and James Hart, clerks.

The "Sleeping Beauty" to Be Repeated by Treble Clef Club

On account of urgent requests from many who were not able to witness the production of the "Sleeping Beauty" by the Treble Clef Club at the Congregational church Thursday evening the organization may be persuaded to repeat the performance. Any who heard it declare that it was the best thing of its kind which has ever been presented to a Reno audience, and this praise comes from many who are competent to judge of musical affairs. The work of the individual members in the cantata and the chorus work especially has been highly praised, and for beauty of sentiment and musical sentiment the piece needs no comment.

Mrs. Rauch, who rendered the soprano obligato "She Sleeps," with chorus accompaniment, and Mrs. Nixon, who gave the contralto solo "The Sleeping Beauty," have excellent voices and their work was greatly applauded. These two ladies also rendered the duet at the end of the cantata. Miss Edith Howe, with her clever interpretation of the text given before each part of the piece added much interest to the evening's arrangement and earnest efforts on the part of the members of the club.

Part one of the programme contained some excellent musical numbers, among them being an aria "Bel Raggio" from Semeramide, rendered by Mrs. G. H. Wright, whose splendid voice and able handling of this difficult selection was a revelation to musical folk in Reno, it being Mrs. Wright's first appearance in public here. She was accompanied by a quartet composed of Misses Hotaling, Warren, Wright and Mrs. Schrader. Miss Pohle gave a violin solo, accompanied by Mrs. N. E. Wilson, and the club rendered a chorus from Mendelssohn.

The work of the chorus in the cantata was splendid, especially in the opening chorus, the accompaniment giving the solo "She Sleep," the work during the "Arrival," where the two soprano parts were all that were used, and the handling of the humorous "Revival" with its catchy airs and music. The finale was also fine. Mrs. Fred Stadtmuller on the piano and Mrs. N. E. Wilson on the organ deserve their share of the credit for their good accompaniment.

Beautify Your Home

Lawns put in. All work guaranteed. Roses, carnations, asters, pansies, cosmos, and many other bedding plants; also nice house plants and cut flowers. Very early tomato plants. Fred Fischer, Green house, near County Hospital. Phone 1106. a23m
